

At Dr. B. C. Roy College of Pharmacy and Allied Health Sciences young technologists are groomed with great care to equip them with both professional and personal skills which will hold them in good stead in their professional life. A series of lectures by distinguished professionals from the industry and the academia is arranged for a comprehensive teaching learning process. In addition to this, the college also organizes national seminars to bring academicians, researchers, industry leaders, experts and students on a common platform. In the last academic session following seminars were organized:

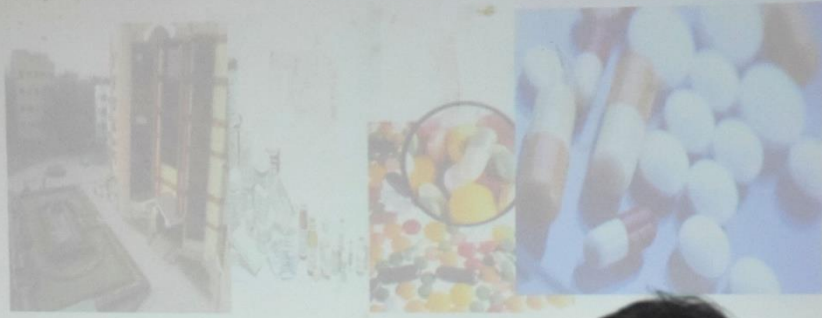

A seminar was presented by Mr Bhuban Ganguly (plant head -production) and Mr Arkajeet Pal (head-quality control) of Cipla Pharmaceutical Ltd, Sikkim unit, regarding the importance of cGMP and current practices in pharmaceutical industry. He highlighted upon the necessity of quality and standard in production of pharmaceuticals.

A seminar was delivered by Dr. Anjan Adhikary, Associate Professor, RG Kar medical college and hospital, Kolkata on Current scenario and prospects of pharmacovigilance. He discussed about the present scenario of job opportunities related to pharmacovigilance in India.

A seminar was presented by Dr G P Srivastava, Vice President-Technical, Albert David Limited, Kolkata, discussing regulatory environment in India. He discussed the emergence of India as a powerhouse of generic medicine.

A seminar was presented by Mr. Debabrata Ghosh, former Asstt Director, Drug Control, West Bengal, on quality control and quality assurance of pharmaceutical products. He discussed about the documentation and methods of quality control and the role of CDSCO in India.

Pharmacovigilance
