

On 3rd August, 2018, as a part of NSS activities under the induction program, students of first year, B.Pharm of Dr. B.C.Roy College of Pharmacy and AHS, Durgapur celebrated Rakshabandhan with the differently-abled children of HOPE School, Durgapur. There was a mutual conduct of love and brotherhood among the students with the differently-abled children of HOPE School. They also visited the Missionaries of Charity and distributed sweets and gifts to underprivileged children aged five to ten. The children were overjoyed with the gesture of the students and they spent some time with the kids.

As a part of NSS activities, Dr. B.C. Roy College of Pharmacy and AHS, Durgapur arranged a blood donation camp in association with The Mission Hospital, Durgapur on the occasion of celebration of World Health Day, observed on 6th April, 2019. As many as 100 members of students, faculty and staff took part in the camp and after been screened, 70 of them successfully donated blood for the cause. The objective of the event was to contribute to the society in times of need of the diseased. This kind of activity also encourages students and motivates them towards social work for the needy.
