Question Bank Paper Setter Appointment

From: makaut (makautportal2020@gmail.com)

To: souvik_basak1@yahoo.com

Date: Monday, January 2, 2023 at 01:06 PM GMT+6

Dear Mr./Mrs./Miss/Dr./Prof. **SOUVIK BASAK,**

You have been nominated by the Principal/Director of your college to act as the expert to prepare Question Bank with model answer for the Odd semester Examination 2022-2023.

Please go to the URL : <https://makautexam.uacanapply.com/uacanassess/>

You can login to the portal using your teacher login details.

The formal appointment letter will be available to download from the QB website.

The paper detail is mentioned below :

Paper Code : **MPT1011**

UPID : 11060

Paper Name : **Modern Pharmaceutical Analytical Techniques**

Guideline for submission of Question Bank with model Answer.

1. The faculty member should define distribution of questions from numbers of chapters/module as per syllabus. This can be defined under the Question Paper logic.
2. By default there would be 5 chapters. However, additional chapters could be added as per syllabus.
3. Submission of question requires allocation of mark, difficulty level and chapter to be defined for each question.
4. Before submission of the questions, the faculty member should verify each question individually for its correctness.
5. Please avoid collection of question from web links.
6. Please ensure that no question is repeated in the question bank.

Guidelines to the question bank setters for online submission of questions:

50 questions of mark '1', 20 questions of marks '5' and 20 questions of marks '15' along with model answer required to be submitted.

There would be provision of inserting figure/circuits diagrams, formula, equation in questions and answers.

Steps:

1. QB logic creation
2. Distribution of questions based on Chapter/Unit, Difficulty Level and marks in the grid provided
3. Start uploading question papers and save each question
4. For 15 marks questions, there would be provision for sub questions like (a), (b), (c) etc. and accordingly division of marks also to be allotted
5. Finally after a careful revision, submit the question bank.
6. Please ensure to update your profile with correct bank details.
7. Please login to your portal by 26/08/2022 for the last date for confirmation. The last date for submission QB.30/09/2022

Scripts evaluation - few important points

From: Masfaria Ahsan Kalam Azad University of Technology (makautportal2020@gmail.com)

To: souvik_basak1@yahoo.com

Date: Saturday, June 10, 2023 at 04:19 PM GMT+6

Dear Mr /Mrs /Miss/Dr./Prof. SOUVIK BASAK,

Based on the discussions and decisions taken at appropriate level the following are the basis of scripts distribution to the examiners in this semester

1. All faculties need to participate in the assessment process (only fresh teachers upto 1 or 2 years experience are excluded).
2. Number of scripts per faculty would depend on the total number of scripts and number of examiners allotted (max limit would be shown in the examiner's account).
3. In any case the maximum evaluation would not be more than 300 per faculty per subject.
4. A faculty would be given a maximum of five subjects based on tagging during the semester.
5. College-wise scripts examination status is available in the login page and details are available in the report section. College authorities need to follow the reports to take necessary steps to ensure an adequate number of total script evaluations by the college based on total scripts produced by the college. Otherwise it may affect the result publication.
6. Examiners must start evaluation immediately after getting the intimation email. In case of delay in start, the available scripts might be completed and college concern would not be able to evaluate an adequate number of scripts and therefore it may affect in their result publication of the institute.
7. Target time of completion of evaluation is normally 7 days from the availability of the answer scripts in the examiner's account.

All concerned are requested to cooperate in this regard for early publication of the results.
