

BASIC POLICY

Date: 10/01/2017

Implementation of Certification course on "Computational drug design  
using QSAR/Cheminformatics and Bioinformatics"

- From the theoretical classes on Medicinal Chemistry involving QSAR it has seemed that special emphasis should be provided on drug design-based components which often included additional concepts on applied physics, chemistry, mathematics, statistics, biology, protein structures *vis a vis* computational software to understand, learn and apply their knowledge in this particular domain. In addition, hands on training may be provided to the students for their understanding benefits and application-oriented training.
- Also, it may be perceived that the certificate obtained via theoretical and hands on training may help students to fit in relevant jobs in pharmaceutical and biomedical domain, guide them for relevant competitive examinations such as GPAT, GATE, NET etc. as well as helping them in various project works in both B. Pharm. and M. Pharm. Level.
- The course content may be available in institutional website or *vis a vis* may be disseminated through specific brochures among the students. Along with internal candidates, the institute may spread this course in national and international level either single or by collaboration with other industries/institutes keeping the main essence/value of the course integrated and undisturbed.

Approved by AICTE & PCI and Affiliated to Maulana Abul Kalam Azad University of Technology (Formerly known as WBUT) Dr. Meghnad Saha Sarani, Bidhannagar, Durgapur - 713208, West Bengal

- The institute thus approves and gives no objection for onset of such value-added course for the students, upon completion of which the students would obtain certificates acknowledged by the institute.
- Thus, it is hereby decided that the institute, Dr. B.C. Roy College of Pharmacy & Allied Health Sciences, Durgapur-713206, WB, India is going to initiate certification course on "Computational drug design using QSAR/Cheminformatics and Bioinformatics" from January, 2017.

## NOTICE

We are delighted to announce that like previous years, Dr. B.C. Roy College of Pharmacy & Allied Health Sciences, Durgapur, WB, India is again going to conduct the Add-on Course on **“Computational Drug Design using QSAR/Cheminformatics and Bioinformatics”** for the Academic year 2022-23. The Add on course will be a hands-on workshop and will be conducted on both theoretical and practical basis. The theoretical demonstration will be in smart classroom based course delivery while hands on practice sessions would be performed in computer laboratory.

The course will commence from 21<sup>st</sup> February, 2023 and will be conducted every week on Tuesday and Thursday. The class timing is 6:00-8:00 pm on each assigned day. The total course would be conducted for M. Pharm 1<sup>st</sup> year students for a total duration of 08 weeks and will be free of cost. Certificates would be issued upon completion of the course based on attendance greater than or equal to 85%.

The soft copy of the Enrolment/ Registration form is available with the Course Coordinator Dr. Souvik Basak, Associate Professor and Divisional-In-Charge, Department of Pharmaceutical Chemistry. Interested students are requested to submit the filled up printed copy of the registration form after duly signing the form.

The deadline of Registration is 11<sup>th</sup> January, 2023.

Dt: 11.01.2023

## NOTICE

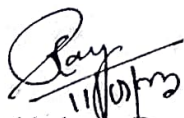

In persuasion of the previous notice dated 05.12.2023 regarding resuming the Add-on course **“Computational Drug Design using QSAR/Cheminformatics and Bioinformatics”** for the Academic year 2022-23, it has been noticed that only 13 students (M. Pharm 1<sup>st</sup> year) have submitted their enrolment form for getting admission of the course. As mentioned earlier, the course will commence from 21<sup>st</sup> February, 2023 and will be conducted every week on Tuesday and Thursday, 6:00-8:00 pm.

We again want to mention that this course would be of great opportunity for the students (M. Pharm 1<sup>st</sup> year for this batch) since this course would let the students learn various CADD and Bioinformatics related techniques together with problem solutions by theoretical as well as hands-on basis. Certificates of accomplishment would also be provided after due completion of the course that would be of great help for students for their future jobs as well as higher studies.

Hence we encourage the M. Pharm 1<sup>st</sup> year students to enrol more in this course and avail this great opportunity for their career purpose.

The soft copy of the Enrolment/ Registration form is still available with the Course Coordinator Dr. Souvik Basak, Associate Professor and Divisional-In-Charge, Department of Pharmaceutical Chemistry. Interested students, as earlier, are requested to submit the filled up printed copy of the registration form after duly signing the form.

The extended deadline of Registration is 20<sup>th</sup> January, 2023.

## NOTICE

In persuasion of the previous notice dated 11.01.2023 regarding resuming the Add-on course "Computational Drug Design using QSAR/Cheminformatics and Bioinformatics" for the Academic year 2022-23, we are pleased that total 23 students (M. Pharm 1<sup>st</sup> year) have submitted their enrolment form till now. As mentioned earlier, the course will commence from 21<sup>st</sup> February, 2023 and will be conducted every week on Tuesday and Thursday, 6:00-8:00 pm. As a final call, we are extending the last round of registration upto 31.01.2023 to accommodate more students of target batch and help them to avail the opportunities of enrolling in the course.

Please collect the soft copy of the Enrolment/ Registration form from the Course Coordinator Dr. Souvik Basak, Associate Professor and Divisional-In-Charge, Department of Pharmaceutical Chemistry. You are requested to submit the filled up printed copy of the registration form to the course coordinator after duly signing the form.

The final deadline of Registration is 31<sup>st</sup> January, 2023. The final enrolment/ registration of all the entrants will be duly approved by the undersigned, and once done, no more enrolment would be entertained.
