

## Event Report for Academic year 2022-23

During the academic year 2022-23, Dr. B. C. Roy College of Pharmacy and Allied Health Sciences organized a total of three seminars and an international conference. On 20<sup>th</sup> September, 2022; a seminar was conducted on Development of Novel Research Methodologies for better understanding Neurodegenerative Diseases, where Dr. Debjani Roy, Assistant Professor, Biophysics Department, Bose Institute, Kolkata was invited as the esteemed speaker. One hundred and four (104) students actively participated in the seminar to make it a highly fruitful one.

The next seminar was conducted on 09<sup>th</sup> November, 2022 on the topic of Research and Development Methodology of Formulation in Generic Company. Mr. Saikat Santra, Senior Manager and PMO, Project Management, Cipla ltd. was invited to deliver the speech in front of the sixty six (66) participants from the college.

E-cell BCRCP nurtured students to be their own boss and attained success too. Their energetic and gearing attitude towards entrepreneurship and innovation was praiseworthy. E Cell, BCRCP applauds the contribution and achievements of **Sucheta Karmakar, B.Pharm 4<sup>th</sup> Year (Member E-Cell BCRCP since 2020)**. She was under constant mentorship of E-Cell BCRCP. She showcased her talent in various projects by developing indigenous biomedical devices and the novel idea of using artificial intelligence for detecting brain tumors. Many more such research related innovations are awaiting her doorway in the near future.

The students of B. Pharm were highly enthusiastic to become a part of this fast-moving world of Software Development and Artificial Intelligence. Therefore, Sucheta Karmakar (B.Pharm 4<sup>th</sup> Year) along with Mahima Chowdhury (B.Pharm 4<sup>th</sup> Year), Aniket Ojha (B.Pharm 4<sup>th</sup> Year), Shreya Majhi (B.Pharm 4<sup>th</sup> Year) have decided to use Artificial Intelligence via Machine Learning to detect a fatal disease, like Brain Tumor, which can aid in contributing towards development in medical sciences under the guidance of Prof. (Dr.) Subrata Chakraborty and Prof. (Dr.) Suman Roy. Observing the current status of our country, we felt that people dwelling in the outskirts and countryside need help in health and hygiene. Statistically, the mortality rate due to brain tumors in rural India is around 40%. So, this research project is a small attempt from our side to aid the peripheral doctors in early detection of brain tumors in patients.

Our students have built a scalable AI powered online tool for early detection of brain tumours to reduce mortality and morbidity rate in the most economical way possible and to eliminate human error in diagnosis & prevention. The project mainly involves Machine Learning and Web development, and the website can detect brain tumors from MRI scans (both still and live). They have used over 30,000 image data sets and have made an AI model which is 85% accurate till date. The system has been validated through actual data obtained from clinical radiologists. Our college has also collaborated with The Mission Hospital, Durgapur, for authenticity and data collection.

### Practice Ventures, presented on Feb 24, 2023.

“ASSUAGE”, is a practice venture project comprising 3 team members, **Amrita Singha, Antara Gupta, And Sinchan Roy (Students of B. Pharm 3<sup>rd</sup> Year)**. The project focuses on easing the problems and struggles of travelers and passengers who are tired of their unwanted habit of vomiting while traveling, i.e. Motion Sickness. “Assuage” offers its customers a very easy, comfortable, affordable, available, and handy product in the form of a handkerchief which is very light to carry for patients with motion sickness.

It offers a way to overcome this problem by simply smelling the handkerchief and thus, it is in this way that the drug is sent to the patient's body via the nasal route. So that motion sickness is stopped and the passengers can enjoy their trips.

Another project, “**MeDiCo**” is a healthcare platform and E-pharmacy start-up idea that sells medicines and telehealth online. This project was teamed up by **Soubhagya Mukherjee, Sayan Kar, Pritam De, and Bastav Mazumdar (Students of B. Pharm 3<sup>rd</sup> Year)**. It provides services, including E-pharmacy, diagnostics, consultation, and health content. Many people and pharmacists have difficulty reading or understanding prescriptions. Many villages do not have medicine shops so many people have to travel to the city to buy medicines. Thus, **MeDiCo** will fix the problems and will help many people to benefit as a result. A business plan for an Internet Start-up: **MeDiCo** was designed with the main objective of selling pharmacy goods at very competitive prices.

The employees are dedicated to order processing, fulfillment, customer relationship management, and routine maintenance of the site. There is reluctance on the part of pharmacists to adopt new business models when they can make a comfortable living from a traditional retail pharmacy where there are significant barriers to entering the marketplace. The medicine will be provided at a low cost with a proper chart on how to take those medicines, special discounts, and exciting offers to customers, and home delivery is also available for 24 hours. Additionally, veterinary medicines will be stored to make them available in our online store with minimum prices. **MeDiCo** is all about **“MEDICINE AT YOUR DOOR AND THE QUALITY YOU CAN TRUST”**.

A REPORT ON WORLD HEALTH DAY

CONDUCTED ON 11.04.23 AT APC ROY SEMINAR HALL

**DR. B. C. ROY COLLEGE OF PHARMACY & AHS  
DURGAPUR**

*Celebrates*  
**WORLD HEALTH DAY**

Theme: Health for All  
75 years of World Health Organization

*11<sup>th</sup> April 2023, 12:30 pm*  
*Venue: APC Roy Seminar Hall*

World Health Day is a global health awareness day celebrated every year on 7 April, under the sponsorship of the World Health Organization (WHO), as well as other related organizations. In 1948, the WHO held the First World Health Assembly. The Assembly decided to celebrate 7 April of each year, with effect from 1950, as the World Health Day. The World Health Day is held to mark WHO's founding and is seen as an opportunity by the organization to draw worldwide attention to a subject of major importance to global health each year. The WHO organizes international, regional and local events on the Day related to a particular theme. World Health Day is acknowledged by various governments and non-governmental organizations with interests in public health issues, who also organize activities and highlight their support in media reports, such as the Global Health Council.

The faculty and students of Dr. B. C. Roy College of Pharmacy & Allied Health Sciences also celebrated World Health Day. The program began with the welcoming of the dignitaries to the dais and the lighting of the ceremonial lamp. Prof. Dr. S. Chakraborty presented the inaugural address where he spoke about the importance of having a good physical and mental health and that how good health has a positive impact on the overall development of an individual. The Principal, Prof. Dr. S. Ray, delivered the inaugural address where he spoke on the fact that how

**A REPORT ON NSS ACTIVITY/WORLD AIDS DAY**  
**CONDUCTED ON 01.12.22 AT NETAJI OPEN AIR AUDITORIUM**

The global HIV response is in danger, even as HIV remains a major public health issue that affects millions of people worldwide. Over the last few years progress towards HIV goals has stalled, resources have shrunk, and millions of lives are at risk as a result. Division, disparity and disregard for human rights are among the failures that allowed HIV to become and remain a global health crisis. On 1 December WHO joins partners to commemorate World AIDS Day 2022, under the theme “Equalize”. WHO is calling on global leaders and citizens to boldly recognize and address the inequalities which are holding back progress in ending AIDS; and equalize access to essential HIV services particularly for children and key populations and their partners - men who have sex with men, transgender people, people who use drugs, sex workers, and people in prisons.

The students of Dr. B. C. Roy College of Pharmacy & Allied Health Sciences also celebrated World Aids Day on 1<sup>st</sup> December, 2022. The event was celebrated on virtual platform. A poster competition was held on the occasion of the event where the students presented different posters spreading awareness related to HIV.

1:00-1:30 pm - Women Equality Parade  
(Venue: NOAA)

1:30-2:30 PM - Documentary on women Equality  
(Venue: APC Roy Seminar Hall)

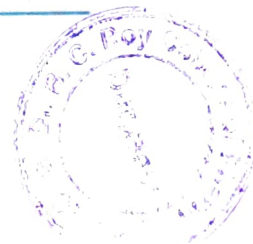

Women and girls represent half of the world's population and, therefore, also half of its potential. Gender equality, besides being a fundamental human right, is essential to achieve peaceful societies, with full human potential and sustainable development. Moreover, it has been shown that empowering women spurs productivity and economic growth. Unfortunately, there is still a long way to go to achieve full equality of rights and opportunities between men and women, warns UN Women.

It is of paramount importance to end the multiple forms of gender violence and secure equal access to quality education and health, economic resources and participation in political life for both women and girls and men and boys. It is also essential to achieve equal opportunities in access to employment and to positions of leadership and decision-making at all levels. The UN Secretary-General, Mr. Antonio Guterres has stated that achieving gender equality and empowering women and girls is the unfinished business of our time, and the greatest human rights challenge in our world. Women's Equality Day, celebrated every August 26, commemorates the passage of women's suffrage in the U.S. and reminds us of the hurdles overcome by the heroic women who faced violence and discrimination to propel the women's movement forward.

Dr. B.C. Roy College of Pharmacy and Allied Health Sciences also celebrated Women's Equality Day on 26<sup>th</sup> August, 2022 in Netaji Open Air Auditorium. The program started with the arrival of the Director, Prof. Dr. S. Chakraborty, the Principal, Prof. Dr. S. Ray and the Registrar, Mr. S. Sengupta, followed by a short addressing speech by the Director. The speech was followed by a Parade where students holding banners came forward in order to spread awareness

related to gender equality. The college corridors were full of students and teachers who were witnessing this wonderful event.

During the second part of the event videos spreading awareness related to Women Equality were also shown to the students and the teachers in APC Bose Auditorium. The first video was 'A Ted Talk' by Lilly Singh; the second video was 'A Global History of Women's Rights' followed by the third video named 'Equal Half'. The event ended with a vote of thanks delivered by the Registrar followed by the clicking of a group photograph.

**NATIONAL YOUTH DAY**  
**YUVA DIWAS**  
12<sup>th</sup> January 2023

National Youth Day, also known as Vivekananda Jayanti, is celebrated on 12 January, being the birthday of Swami Vivekananda. It is the day to mark the contribution of youth to the society. The day is also about encouraging the youth to persevere and achieve greater goals in life. If the youth of the country dedicate themselves to greater good, the country is bound to grow further. Since 1985, the Indian government has recognized January 12 as National Youth Day, the anniversary of Swami Vivekananda birth. As per the official communication from the government, "It was felt that the philosophy of Swamiji's and the ideals for which he lived and worked could be a great source of inspiration for the Indian Youth." According to predictions, 53% of India's population will be under the age of 30, with the remaining 47% being adults aged 30 and above. The Youth in India report, 2022, recognizes anyone between the age group of 18-29 as youth. As of 2021, according to this parameter, 22 per cent of India's population is youth which makes India the youngest country in the world. Today, India has more than 260 million people who fall under the category of youth.

Dr. B.C. Roy College of Pharmacy and Allied Health Sciences along with the NSS wing of the institution also celebrated the auspicious day on 11<sup>th</sup> January 2023, in APC Seminar Hall. The

National Pharmacy Education Day was celebrated on March 6th, in honour of the birth anniversary of Professor Mahadeva Lal Schroff, who established pharmacy education in India. The day was designated by the Pharmacy Council of India (PCI) – a statutory body under the Ministry of Health, regulating pharmacy education and practice in India.

Mahadeva Lal Schroff is the Father of Indian Pharmacy Education. He was born in Darbhanga in Bihar in 1902. He was a graduate of the Engineering College at Banaras Hindu University. After completing his engineering, he went to China, Japan and USA. He then earned his UG degree in chemistry and PG in microbiology and chemistry from MIT in the USA. In 1935, he founded the United Provinces of Pharma Association. He was the editor of the Indian Journal of Pharmacy. He founded Bhaishaj Patrika, Bheshjayan, and the Indian Pharmaceutical Congress. He was the president of the State Pharmacist Association and also the President of the Pharmacy Council of India. To honour him, the IPA established the “Father of Pharmacy Award”.

On this occasion, Union Minister of State (HFW) Dr Bharati Pravin Pawar inaugurated a platform named Pharma Anveshan 2023, where academic research and the industry can exchange their findings for the benefit of society. He also launched the digital job portal called

the 'One Stop-Non-Stop'. An MoU was also signed between the PCI and several pharma bodies to bridge the gap between industry and academia, boost training (of both faculty and students), promote entrepreneurship and boost infrastructure development.

The students, learned faculty members and the staff, of Dr. B.C. Roy College of Pharmacy & Allied Health Sciences, in the presence of the Management, also celebrated National Pharmacy Education Day in APC Roy Seminar Hall. The program began the lighting of the ceremonial lamp, and the garlanding of the portrait of Prof. M. L. Schroff, which was followed by floral tribute by the management, the teaching and the non-teaching staff. The program officer of the event management committee then invited Prof. Dr. S. Chakraborty, Director BCRCP, to deliver a talk on the event. Prof. Chakraborty had been a direct student of Prof. Schroff. He shared with the students his memories with Dr. Schroff where he spoke about how he took classes, the way he conducted research, and numerous other tests related to pharmacy. He also spoke about the personality, determination, dedication and seriousness towards work of Dr. Schroff. Prof. Subhabrata Ray, Principal, BCRCP, also spoke about the contributions of Dr. Schroff in the field of research related to pharmaceutical studies. Mr. Sagar Sengupta, Registrar, BCRCP, also kept his views on World Pharmacy Education Day and modern research methodologies and inventions that are taking place in the fields of pharmacy. A videography which was prepared by the event management team on Dr. Schroff was played for the students so that they can come to know about the history of the Pharmaceutical Studies. The program ended with a vote of thanks delivered by Prof. Dr. Ashoke Kumar Ghosh, DIC, Pharmacognosy.

## A REPORT ON TECHNICAL TALK ON CAREER COUNSELING

BY MR. PRADIP MULLICK, GEN. MANAGER, BRUNET PHARMACEUTICALS PVT. LTD.

DAY 1 (INDUCTION PROGRAMME), 17.10.2022 AT APC ROY SEMINAR HALL

The five days Induction program for B.Pharm 1<sup>st</sup> Year was organized after the Orientation of B.Pharm students. The five days journey was arranged accompanying several technical sessions, field visit, yoga sessions, entrepreneurship talk, games and sports events and other interactive sessions. Our Honorable Director, Prof. (Dr.) Subrata Chakraborty in the presence of the Principal, Registrar, Divisional In-charges, and other teaching and non-teaching staff of the institute declared the start of the Induction Program. Dr. B.C. Roy College and Pharmacy and Allied Health Sciences had invited **Mr. Pradip Mullick, Gen. Manager, Brunet Pharmaceuticals Pvt. Ltd.** as our first speaker in the successive event.

Our esteemed guest was greeted by our Director, Prof. (Dr.) Subrata Chakraborty with a flower bouquet. He was introduced by our Director Sir mentioning his association with four companies' namely Videep Mullick Foods Private Limited, Upshots Merchants Private Limited, Waxcom Tradecom Private Limited and Brunet Pharmaceuticals Pvt. Ltd. He is registered with the Ministry of Corporate Affairs (MCA). He got familiar with our Director Sir during his stay in Kolkata, West Bengal, and India. His accomplishment includes the paid-up capital of Pradip Mullick to be around ₹22,700,000.00.

Mr. Pradip Mullick described about his company's growth which is empowered by its focus on manufacturing and supply of quality pharmaceutical products. The present scenario of the companies heads across 100 + Headquarters in the states of West Bengal, Bihar, Jharkhand, Uttar Pradesh and North Eastern Region. He explained the dedicated efforts of his 200+ team members. Well trained graduates from various colleges are selected for pharmaceutical manufacturing, distribution and marketing. He encouraged our first-year students to inculcate such value added education which could help them in their future ventures.

Multiple contract manufacturing tie ups have recently expanded their presence and capabilities to stretch the service radar. Brunet Pharmaceuticals deals with oral liquids and external solution preparations which holds a strong MSME pharmaceutical company in the national scenario. He elaborated about the robust Quality Control Process which helps in upholding the company
