

## **PHARMAWAVE**

Pharmawave - an International Journal of Pharmaceutical Technology started its journey at 2007 and obtained ISSN (2249-3425) at 2010. With the patronization of Mr. Dulal Mitra, chief patron of the journal and President, Dr. B.C. Engineering College Society, the journal laid its footsteps in the publication forum of the scientific community. In addition, with the active co-operation of Dr. Subrata Chakraborty, Director and Dr. Subhabrata Ray, Principal, Dr. B.C. Roy College of Pharmacy & Allied Health Sciences (BCRCPAHS), Durgapur, WB together with all its teaching and non-teaching members, the journal has been advancing its footsteps in the community till today. Since its perception, it has strived to assemble and thenceforth fill in gaps in pharmaceutical science and technology that often lie between scientists, students and industrial personals in this field. Pharmacy or pharmaceutical science is an interdisciplinary field covering broad subject areas involving manufacturing, quality control, mechanistic investigation of action, synthesis or isolation of active constituents, biochemistry, microbiology and last but not the least biotechnology. In addition, regulatory affairs, guidelines of pharmacy practice, education regulation as well as pharmacovigilance are the coherent counterparts of pharmaceutical profession. Henceforth, focusing on the multifaceted ramification of the discipline, Pharmawave has always tried to unify Pharmacy practitioners, industrial professionals, teachers, scientists and regulatory authorities by providing a platform to share their knowledge, experience and technical innovations both national and international perspective.

## EDITORIAL BOARD

**Chief Patron & Publisher**  
**MR. TARUN BHATTACHARYYA**  
General Secretary  
BCREC Society  
Durgapur-713206, India

**Editor-in-Chief**  
**Prof. (Dr.) SUBRATA CHAKRABORTY**  
Director  
Dr. B.C.Roy College of Pharmacy and A.H.S.  
Durgapur-713206, India

## EDITOR

**Dr. AMIT KUMAR HALDER**  
Associate Professor, BCRCP

## EDITORIAL COMMITTEE

**Dr. PARTHASARATHI PANDA (Dy. Editor)**  
Assistant Professor, BCRCP

**Dr. BUDDHADEV LAYEK**  
Assistant Professor  
North Dakota State University, USA

**Dr. HRIDAY BERA**  
Associate Professor  
BCRCP

**Mr. ISMAIL MONDAL**  
Assistant Professor  
BCRCP

**Mrs. SUSHRUTA CHAKRABORTY**  
Assistant Professor  
BCRCP

**Prof. (Dr.) SUBHABRATA RAY**  
Principal  
Dr. B.C.Roy College of Pharmacy and A.H.S. (BCRCP)

**Dr. SOUVIK BASAK**  
Associate Professor (Editorial Advisor)  
BCRCP

**Prof. (Dr.) Ashoke K Ghosh**  
Professor  
BCRCP

## Content

Sl. No.	Title	Page
1	<b>Development and validation of a densitometric HPTLC method for estimation of resveratrol in <i>Vitis vinifera</i> Linn. and in a polyherbal formulation</b> Sagnik Halder, Satyabrata Mohapatra, Rahul Singh	1-6
2	<b>Evaluation of the role of N-Terminal non-glycosylated peptide (Fraction V) as multifunctional linker and study of its effect on the electrochemical behaviour of redox substrate by using Screen Printed Electrodes</b> Sagarika Deepthy T, Kalyan Kumar Mistry, Monidipa Ghosh	7-13
3	<b>Evaluation of <i>Amaranthus viridis</i> L. leave mucilage as suspending agent</b> Pravat Ranjan Guru and Amit Kumar Nayak	14-18
4	<b>Smart in-situ gels for treatment of glaucoma</b> Anurupa Chowdhury, Sanchita Mandal	19-24
5	<b>Rational use of medicine: First step towards medication safety</b> Suhrita Paul	25-26
6	<b>Online pharmacy or e-pharmacy: A blessing or a curse?</b> Sudipta Dey	27-33
7	<b>Biochemical characterization of an aqueous extract of human placenta: A compendium</b> Piyali Datta Chakraborty	34-38
8	<b>Monitoring adverse drug reactions: Milestones achieved</b> Somnath Basu	39-43
9	<b>Understanding Silk, the queen of all fabrics: An excellent biopolymer in biomedicine</b> Debjani Roy	44-48
10	<b>Rational use of oxygen and oxygen delivery devices in COVID 19</b> Shah Newaz Ahmed and Anjan Adhikari	49-53
11	<b>Tylenol tragedy</b> Bedadyuti Chakraborty	54
