

INDUSTRIAL TRAINING

Training and development is a lifelong process, more so in the pharmaceutical industry where loads of new information is available almost daily. The representative has to be knowledgeable about the products he is promoting. Hence training becomes an integral part of his success strategy. The training and Placement cell at BCRCPC can tailor make training schedules for companies inside or outside West Bengal.

Every year students experience industrial training as per the syllabus of MAKAUT and gain knowledge of various departments. They can gain a brief knowledge about instrumentation, operation and calibration like UV-Spectrophotometer, HPLC, Dissolution Test Apparatus, Disintegration Tester, Bulk & Tapped Density Tester, Tablet Hardness Tester, Friability Tester, Karl Fischer Moisture Titrator, Tablet punching machine etc used in Pharmaceutical Industry. The importance of industrial training is

- Manufacturing process, unit operation, Packing and labeling of.
- Knowledge of Dosage Forms (Tablets, Capsules, Liquid Orals, Injectables /Semisolids/Ointments).
- Quality Assurance- Role and responsibilities
- In-process checking /samplings.
- Determination, Moisture contents of granules, Weight variation of uncoated tablets, Hardness test
- Quality Control
- IPQC test: Dissolution test, DT, Friability, Drug contents
- Introduction to Various GMP documents
- Gaining insights on validation and calibration techniques
- Knowing about standard operating procedures of various instruments, machine used in industry.
