

CONFERENCE AND SEMINARS

Networking is an important part of any individual life. In Seminar, Conference and workshops students and teachers from different institutions take part. Meeting new people and making new friends can help the student to take guidance and encourage new way of thinking. If a student wants to continue his or her career in scientific research, then meeting people related to it in conferences can be very beneficial as there are many academician, scientists, researchers and students who attend these conferences. Dr. B. C. Roy College of Pharmacy and AHS organize conference and seminars to acquire Knowledge in a Particular Field and provide a chance to interact with experts from the specific field. Discussing about the relevant topics of the particular subject, students tend to learn about the latest information and new skills related to the concerned subject.
