BCRCP VALUE ADDED COURSE ENROLLMENT FORM

Hello Students,

We are excited to announce that the College will be introducing value added courses on advanced topics of **Biostatistics and DoE (Design of Experiments)**, as well as **Python and AI/ML**. These courses have been designed to help our students gain a competitive edge in the job market and further studies.

To enroll for these special courses, please fill out the form provided. The courses will begin in **August 2023** and are aimed at enhancing your IT and Data Analytics skills to make you industry ready.

Please note that **each course has only 30 seats** available. In case of more applicants, the selection process will involve suitable screening to identify the best candidates.

The last date for enrollment is **14-08-2023**, and there is **no course fee**.

The courses offered are:

1. For **B. PHARM II year**: **Basic Programming with Python and its application in database management, Artificial Intelligence and machine learning (AI/ML) for Pharmacy.**
2. For **B. PHARM IV year and M. Pharm I/II year**: **BIostatISTICS & DoE FOR PHARMACEUTICAL APPLICATIONS**

Best regards,
IT CELL, BCRCP
