TEST GUIDE\_ELITE MOCK TEST SERIES GPAT.pdf

24/08/2020, 19:22 - DR. PARTHASARATHI PANDA: The MAR points regarding each item is calculated in cumulative basis. That means the maximum allotted points for each item is for his/her entire 4 year career. Thus, if the students acquire the maximum points intermediate in his career, next time he or she will not get any further point despite of attempting further events under the same item. He or she now onwards will simply get zero (0). So, one student must have to be diverse to attain MAR points to pass.

Example: if an event has max point 20 and say Ram has achieved 20 already in first or second year, he will not get any point further in this event even if he attends many events in this item. So, to acquire point, he has to touch other items too with documentation.
