On behalf of the academic administration of the college, we thank you all for presenting your opinion well before the NBA visiting team about the systems and facilities prevailing in the college. We think that you have spoken your hearts out only for the betterment of the college. The experts also expressed their satisfaction over the quality of the students and suggested some improvements that we require.

It is advisable that student community must not take recourse to any sort of bitterness amongst themselves. All has gone well. We have only one path to choose - that's the path of development. And we hope the student community will cooperate in future too.

Then payment will display (i.e online & offline)

If the student will pay his/her semester fee through online then the payment mode is Internet Banking & Debit Card/ Credit Card.After making payment, if the acknowledgement Receipt will be generated then the payment is successful.No need to send any documents for payment(for online) because payment status will be automatically updated.

If the student will pay his/her semester fee through offline then the challan preparation is mandatory . Mode of payment is Draft and Debit Card/Credit card.After making the challan, the fees should be deposited at the College Cash Counter (the day when the challan is made)

For making payment through NEFT, the bank details is already given in our website. After making payment the following informations are very much needed for making entry in erp.
