Vision
To transform the institution into a global centre of learning through application of creativity, innovation and discipline.

Quality Policy
We are committed to impart quality "Education and Training" that satisfy the requirements of our students in the fields of "Engineering, Pharmacy and Management" and our aim is to be an Institute of excellence in global terms in the field of quality technical education through continual improvement.
We facilitate our faculty and support to update their knowledge and skill to match the dynamics of industrial and technological development.

Mission
- Create ideal ambience for learning and growth
- Help students inherit value systems, be creative and agile thinkers
- Establish Discipline, Value Added Education and Training & Placement as three core values
- Building capabilities among students to lead from the front and also be a team player
- Develop a symbiotic relationship between the Institution, society and the community for mutual betterment
- Expand the vistas of higher learning in Technology and Management Fields, Including Post-Graduate and Research
- Encourage Global Vision and Integration with International best practices for local, regional and national development

Educational Objectives of the Institute
- To produce Under Graduates and Post Graduates who would have developed a strong background in Pharmaceutical Sciences and ability to use these ideas in their chosen fields of specialization.
- To produce Under Graduates and Post Graduates who have the ability to demonstrate technical competence in the fields of Pharmaceutical Sciences.
- To produce Under Graduates and Post Graduates who would attain professional competence through life-long learning such as advanced degrees, professional registration, and other professional activities.
- To produce Under Graduates and Post Graduates who function effectively in a different pharmaceutical field.
- To produce Under Graduates and Post Graduates who would be able to take individual responsibility and to work as a part of a team towards the fulfillment of both individual and organizational goals.

Foreword from the President
One of the strongest parameters used to rank the success of an institution is placements. From its very beginning, this institute has continuously strived to achieve excellence and be a primary provider of qualified industry ready professionals. In this process to benchmark itself as top of the line learning centres, BCRCP has carved a niche for itself on the national level. An exemplary placement record from the very beginning of this journey is a proof of BCRCP’s success.
After a careful selection of students who are serious about their focus in life, the 4-year full time B.Pharm program and 2-year M.Pharm program of BCRCP, affiliated to MAKAUT and approved by AICTE and PCI aims at nurturing young talents into high caliber professionals. Added with it are our regular and meticulous examination procedure, academic atmosphere, extra-curricular activities and contributions from our committed faculty members that prepare our students with a global vision to take up leadership positions anywhere in the world.

We are proud that our earlier batches of B.Pharm and M.Pharm students have secured almost 100% placement. Thanks to the collective effort of our students, faculty and placement officials as well as the numerous Pharmaceutical industries that have shown interest in us.

I heartily welcome Pharmaceutical companies, utility and other sectors for recruitment and hope that this interaction leads to a long partnership between our institute and your organization.

With warm regards,
D. Mitra
President
Dr. B. C. Roy Engineering College, Durgapur
From the Director’s Desk

I feel immensely privileged to write this message and extend my whole hearted invitation to your esteemed organization on behalf of the management, faculty, staff and students of BCRCP, Durgapur. From the moment of its inception, the mission of our college has been to create goal oriented Pharmaceutical Technologists and develop a symbiotic relationship between institute, society and community for mutual betterment. With the required infrastructure, including highly qualified faculty members and well equipped laboratories for hands on experience, our earlier batches have kept our commitment and have been securely well placed in various sectors of the field of Pharmaceutical Technology.

Like every batch, the present 2017-18 batch of B.Pharm and M.Pharm students have been exposed to the most modern and up-to-date curriculum and contemporary developments in Pharmaceutical technology. In addition to scientific and technical skills that they acquire through rigorous course work, both theory and practical, our students have been moulded into well rounded personalities through their exposure to team work on projects, presentation and communication skills and active participation in extra-curricular activities. BCRCP has provided a perfect environment that enabled them to adapt to various challenging situation with ease and confidence.

We are confident that these young budding pharmaceutical technologists would be as asset to your organization through their technical and managerial capabilities and their talent for innovation. With this brief background, I am furnishing in the pages to follow all pertinent information and brief profile of individual final year B.Pharm and M.Pharm students who has passed in 2017.

I heartily welcome you to BCRCP Campus for selecting our candidates of your choice and would be glad to provide you with any further information and assistance in this regard.

(Prof) Dr. S. Chakraborty

From the Principal’s Desk

With immense pleasure, I extend my whole-hearted invitation to your esteemed Organization on behalf of the management, faculty, staff and students of Dr. B. C. Roy College of Pharmacy & Allied Health Sciences, Durgapur. Since the moment of its inception, the mission of our college has been to create competent Pharmaceutical Professionals at par with global standards as well as responsible human beings. In addition to scientific, technical and managerial skills that they acquire through rigorous course works, both theory and practical, our students are moulded into well-rounded personalities through their exposure to team work on projects, presentations and active participation in various extra-curricular activities.

Provision of a world-class infrastructure, including highly qualified faculty members and well updated laboratories for hands-on experience has borne its fruit as the earlier batches of students have kept our commitment by being securely well placed in various sectors of pharmaceutical technology.

Like every previous batch, the present 2017-18 batch of B. Pharm and M. Pharm students have been exposed to the modern and relevant curriculum and contemporary developments in the field of Pharmacy. The College has provided a perfect environment that enables them to adapt to various challenging on-job situations with ease and confidence. Their excellent performance and professionalism has resulted in several employers returning to us for more prospective candidates, which in itself speaks about our commitment to produce quality manpower.

We are confident that these young and budding Pharmaceutical Professionals would be as asset to your organization through their technical and managerial capabilities and their innovative vigour.

I heartily welcome you to Dr. B. C. Roy College of Pharmacy & Allied Health Sciences Campus for selecting candidates of your choice. We would be glad to provide you with every further information and assistance in this regard.

With warm regards,

Prof. Dr. Subhakrata Ray
The Institute Overview

The Institute
The course of Pharmacy is a branch with practical application in the field of science of medicines. The goal of pharmaceutical care is to provide medication services to patients that cure a disease, reduce or eliminate symptoms, slow or arrest the progression of the disease, prevent the disease, or assist in diagnosing the disease. Pharmaceutical technologists are professionals committed to the achievement of positive intended outcomes from medication use to improve patients’ quality of life. Therefore they have to be experts on the discovery, development, manufacture and supply of medicines and form an important part of the healthcare team.

With the advancement in medical science, there has been an increasing demand for qualified and trained personnel in Pharmacy profession. To meet this requirement of Industry ready bright Pharmacy graduates, the entrepreneurs associated with Dr. B. C. Roy Engineering College have founded Dr. B. C. Roy College of Pharmacy and Allied Health Sciences in 2005 at the centre of Durgapur Steel City on around four acres of Govt. land procured from ADDA, Govt. of West Bengal.

Named after the legendary physician, visionary and architect of modern West Bengal, Dr. Bidhan Chandra Roy, the college in its existence of twelve years, stand today as a premier Pharmacy Institute disseminating high quality undergraduate and post-graduate Pharmacy education in West Bengal. The zeal for excellence and commitment holds true to this day, pushing the institute to even greater heights.

Location
Dr. B. C. Roy College of Pharmacy and Allied Health Sciences is located at the distinctive location just behind sub divisional Govt. Hospital of Durgapur town. It is in close proximity to vast knowledge application areas and resources.

Durgapur is one of the first planned kinetic industrial cities in the country founded in the late 50s by the Chief Minister of West Bengal, Dr. Bidhan Chandra Roy. It is the industrial hub of Eastern India and is the home of some of the major public and private sector enterprises belonging to the core sectors such as iron and steel, thermal power, cement chemicals, machinery and other allied industries. In the field of higher education, a deemed university and research establishments have given the city a national status. The city Durgapur, less than 3 hours by train or by bus from Kolkata, scores high by way of urban comforts, civic amenities and progressive social environment.

Affiliations and Approvals

- Affiliated to Maulana Abul Kalam Azad University of Technology (MAKAUT), West Bengal (formerly WBUT)
- Approved by AICTE, New Delhi
- Approved by Pharmacy Council of India, New Delhi u/s 12 of The Pharmacy Act, 1948.
- Recognized by Department of Higher Education, Government of West Bengal.

Award of Degree
B. Pharm and M. Pharm degrees are awarded to the successful candidates during the convocation of the Maulana Abul Kalam Azad University of Technology (MAKAUT), West Bengal (formerly WBUT).

Academic Year
Each academic year, 1st July of current to 30th June of the following year, is sub-divided into odd and even semesters (as per University published academic calendar). At the end of each semester university examinations are held and semester grade point averages are awarded by the university.

Degrees Offered

- B. Pharm
- M. Pharm (Pharmaceutics)
- M. Pharm (Pharmacology)

Bachelor Degree in Pharmacy (B-Pharm)
The programme has been designed to integrate the teaching of basic science along with the practice of pharmacy. The course emphasizes the importance of theoretical study, laboratory experiments and also of interdisciplinary communication and research. On the whole, it prepares a strong base for candidates who opt for higher study and research programme in the study of medicines.

Master Degree in Pharmacy (M-Pharm)
M. Pharm is a future oriented specialization programme in the field of pharmacy. It is designed for successful B. Pharm candidates to develop advanced laboratory skills and techniques for application within the pharmaceutical industry as well as spearhead innovative research ideas or further development. In short, it is a gateway for further higher studies to trigger constant up-gradation and rapid progress of pharmaceutical technology.

The four major departments offering M. Pharm are:
- PHARMACEUTICS deals primarily with extended study on drug dosage formulation, drug release pattern, kinetics study, bio-equivalence study and many more.
- PHARMACOLOGY deals with drug action in the biological system as well as check up the toxicity level of drug in the biological system.

INDUSTRIAL VISIT

Each year Dr B C Roy College of Pharmacy and Allied Health Sciences organizes an industrial visit in different pharmaceutical hubs like Sikkim, Himachal Pradesh, Baddi and many other places for the 3rd year students to give them an on-site experience of the pharmaceutical industry. The objective is to provide the students with a chance to improve their theoretical knowledge with practical hands-on experience and to give an idea about industrial work and manufacturing process from a practical point of view. It significantly enhances the students’ perception of the workings of an industry like how Quality Control, Quality assurance, dispensing, manufacturing, helps the production and marketing departments operate. The students are escorted and guided by faculty and laboratory assistants during the visit. This experience helps the students to make their studies interesting and easy as they observe the practical application of the theories they study in classroom.
