VALUES OF CAMPUS LIFE

In nature, flowers and butterflies have a unique similarity. They have a pretty limited life but during those wonderful flitting moments, they deliver us a basketful of delight in its purest form.

In our academic life also we again have a similar experience. To pursue higher learning, we come to our campus for a limited period of time. May be for 2 years, 3 years or 4 years at max. But in our long long active service life, when we look back, the call of the green campus lures us again and again. The pride and warmth of independent living, away from home, robust friendships, tall green trees with splendid yellow and red flowers, huge collective bursts of energy in campus verdures and to cap these all, the warmth of loving young and not so young faculty members and all other supporting members of staff, helping the youthful growing minds to get soaked into the ocean of wisdom for collecting valuable nuggets of professional knowledge and expertise that help keep our entire rest of life illuminated.

day's end, butterflies live a week or so and campus life also ends one day, overpowered by alluring placement calls and an attractive work life.

But lingering memories of a robust campus life with all its delightful fragrance continue to blink in our subconscious as if like the beauty of a bunch of red roses or a fleet of flying yellow butterflies, under the bright morning sun.

Come! "Join and grow with us in the simply unparalleled attractive campuses of Dr. B.C. Roy Group of Institutions, Durgapur" and make it a true partner of your entire life.

TRAINING & PLACEMENTS : MASSIVE PLACEMENTS SUCCESS & SUPPORT

Idea to create good opportunities for our students after they passout, is almost as old as the establishment of the Institution in 2000. First training and placement Unit was formed as back as 2002, just two years after it began its journey. Different grooming activities by professional bodies involving students and state-of-the-art Language Laboratory with support from IIT, Kharagpur was put into action from early years.

Today, all the Units of Dr.B.C.Roy Engineering College & Group of Institutions can boast of excellent Placement Track Record year by year including some all time high placements . Placement performance during these pandemic years are also pretty significant. Combined effort of the TPO and dedicated faculty groups have done wonders in terms of placements.
