# INSTITUTE OVERVIEW

The need for dynamic pharmaceutical education is the need of the hour, taking into consideration the rapidly changing scenario in the field of medicine and healthcare. Post-Covid pandemic, the focus is more on multi-disciplinary research with a holistic outcome. This modern approach in pharmaceutical sciences with latest technology calls for smart, well-qualified and industry pharmacy graduates. Keeping this in mind, Dr. B. C. Roy College of Pharmacy and Allied Health Sciences has aimed to bestow comprehensive knowledge through quality education and impart training to students since its inception that satisfy the professional requirements on a global level.

Keeping up with the institute mission and vision, we have been acknowledged by the National Institutional Ranking Framework (NIRF) year after year, and have presently been crowned as the 94th best Pharmacy Institute in the country. The institute also takes pride as being NAAC B++ accredited and consecutive recognition by National Board of Accreditation (NBA) for the year 2023-24 to 2025-26 for UG Pharmacy programmes. This mark of excellence by numerous national standards of education suggests a water-tight system of professional approach by the stake-holders in upgrading and maintaining the quality standards of the institute.

Since pharmacy is a branch of clinical science that combines medical science with chemistry and technical skills, the institute has designed its teaching-learning process to provide contemporary education in order to meet all the technical requirements of the course. Over the years, the Institute has made a significant mark in the field of pharmacy to uphold the legacy of the legendary physician, visionary and architect of modern West Bengal, Dr Bidhan Chandra Roy. With a wide pool of learned and dedicated faculty, excellent infrastructure of class and laboratories and diligent Student support system, Dr. B. C. Roy College of Pharmacy and Allied Health Sciences assures to provide value-based quality Pharmacy education to budding pharmacists who will contribute in the growth of the nation.

## Message from the Chief Advisor

---

It fills me with immense pleasure to welcome you to Dr. B. C. Roy College of Pharmacy & AHS!

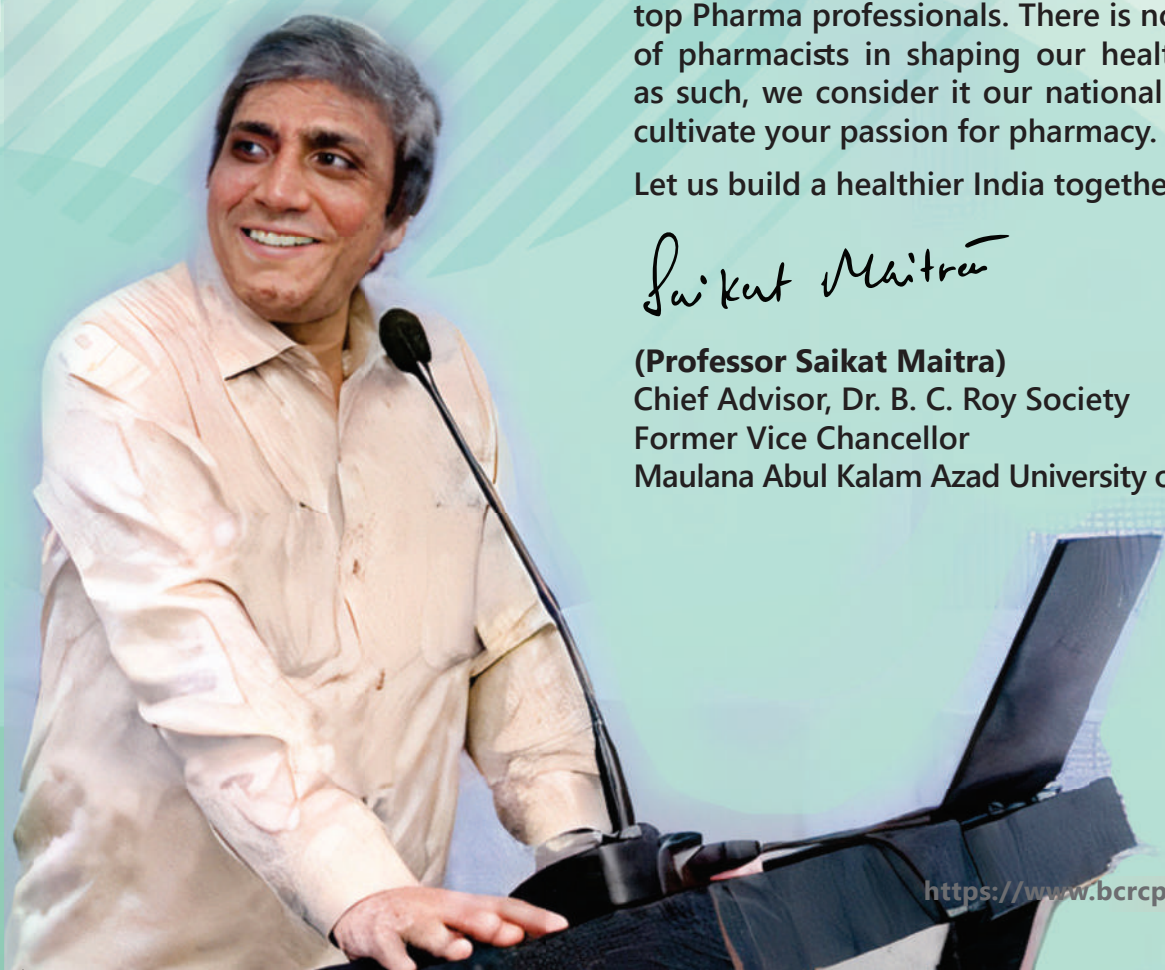

We are a diverse community of cultures, languages and talents, which has been instrumental in spearheading the movement of self-financed pharmacy education in West Bengal. Situated on the banks of the Damodar and nestled in the Ruhr of India, Dr. B. C. Roy College of Pharmacy & AHS is steadily advancing on a path to national prominence. Second only to a prestigious Government University department of Pharmacy in West Bengal, our self-financed institution prides itself on its solid infrastructure, dedicated and knowledgeable faculty, and a strong connection with the industry!

India stands at a promising position in the global landscape today. Initiatives like 'Pharma Vision 2020', 'Ayushman Bharat', have contributed to a robust healthcare sector, gaining international recognition. Despite a recession affecting many parts of the world, with sound economic growth, India in general and Bengal in particular presents itself as a talent pool for top Pharma professionals. There is no denying the role of pharmacists in shaping our healthcare future and as such, we consider it our national duty to help you cultivate your passion for pharmacy.

Let us build a healthier India together!

## FOREWORD *by the President*

Professional education being the basic need of the hour, Pharmacy as a stream of education connects medical science with technology which is dedicated to the discovery, production and effective use of drugs. Dr. B.C. Roy College of Pharmacy and Allied Health Sciences aims to impart quality education and knowledge to its students and have brought Pharmacy education to the doorsteps of Pharmacy lovers. Since its inception, the establishment of Dr. B.C. Roy College of Pharmacy and Allied Health Sciences has been a celebrated success. With a vision to transform the institution into a global centre of learning through the application of creativity, innovation and discipline, the college provides the students with three pharmacy courses-D. Pharm, B. Pharm and M.Pharm, respectively.

Overcoming the Pandemic turbulence which prevailed worldwide and adopting to the new digital technology, Dr. B.C. Roy College of Pharmacy and Allied Health Sciences has stood constantly as a pioneer of education, proving its excellence with the support of management, faculty members, with academia and corporate experience and also the staff members. Overcoming all the odds, the institution has acquired NIRF ranking, NBA accreditation, NAAC accreditation with B++ Grade and the approval of the Pharmacy Council of India for the diploma, undergraduate and post graduate courses. Our students, who are our stake holders have equally contributed by their hard work, sincerity and dedication to reach this level of excellence.

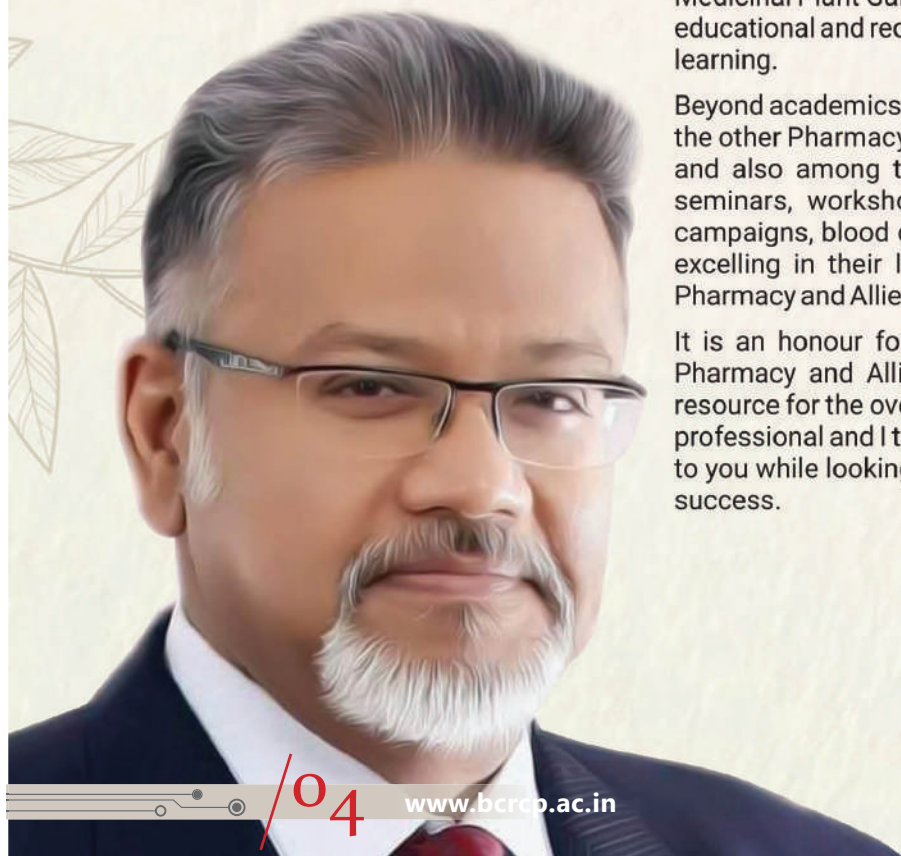

The college also provides its students with specially designed "soft skills" and professional training programs which focus on 'personality development' of the students and inculcate in them the values of team work, mutual respect and integrity, thereby preparing them to face the professional world confidently. Regular student and faculty interaction with the experts of the corporate world helps us in grooming our students into leaders. The Library, Medicinal Plant Garden, Pharmacy Museum, Computing and other educational and recreational facilities aid and enrich the process of learning.

Beyond academics, the institution has established its mark among the other Pharmacy colleges, not only in the State, but Nationwide, and also among the Pharmaceutical companies by organizing seminars, workshops, placement exercises, health awareness campaigns, blood donation camps. Our students are well placed, excelling in their lives thereby making Dr. B.C. Roy College of Pharmacy and Allied Health Sciences fraternity proud.

It is an honour for me to declare that Dr. B.C. Roy College of Pharmacy and Allied Health Sciences offers the best possible resource for the overall development of the student to be a perfect professional and I take this opportunity to extend a warm welcome to you while looking forward to an excited journey of learning and success.

President  
Dr. B C Roy Society

## Message from the General Secretary

Importance of Pharmacy Industry and Pharmacy Education is destined to receive a new boost in this post COVID era. Along with the rest of the world, India also went through a terrific jerk in the spheres of both Hospitalization and Medication and danger of recurrence in future cannot be ruled out.

In this scenario, the overall role and responsibility of Dr. B. C. Roy College of Pharmacy & AHS has gone up intensely to put in further thrust on Quality in each aspect of academic growth of this esteemed institution. Thus the role of academicians on one hand and the student on the other, will have to be more forward looking gradually, leading to a genuine paradigm shift in achieving the next-gen requirements demanded by Pharma Industry at large.

Since its inception in 2005, till today, this unique member of Dr. B. C. Roy Group has gone from success to success and has been able to earn a place of esteem even at all India level.

Laurels like NAAC & NBA Accreditations and NIRF Ranking for consecutive 5 years are definitely moves in right direction. Our Pass out Students are also known

for earning University Ranks as well as doing well in service life in India and abroad.

But the future requirements are expected to be much different and follow the global norms prevailing in advanced countries, in a great way.

Journey to excellence is a never ending one and my candid appeal to our honoured members of faculty and committed students will be to contribute their best in this juncture and earn lasting glory for our Institution at Diploma, Undergraduate and Postgraduate levels and be a proud member of global pharmacy fraternity, in years to come.

My heartfelt best wishes to all the stake holders including guardians, students and members of faculty for extending their unstinted support to make this Institution truly worthy one and serve the nation, ever.

Tarun Bhattacharya  
General Secretary,  
Dr. B. C. Roy Society

# Message from the Principal

In tune with the vision of Dr. B. C. Roy College of Pharmacy and Allied Health Sciences, to transform the institution to a global center of learning, we impart much-needed up-to-date knowledge to our beloved students in a friendly and homely environment. The manpower behind the Institution maintains a balance of young dynamic individuals and highly experienced seniors who steer the teaching and learning process of the college as per the dynamic global requirements. This is reflected in the high rate of placement and progression to higher studies for our students after their coursework and the highly satisfying feedback that we get from the employers. The college cultivates and encourages out-of-the-box thinking necessary for success in the profession and patronizes the students to acquire strong scholastic ability, integrate diverse perspectives and approaches with real world applications, to become future pioneers in the profession of Pharmacy. We are proud of our well-earned reputation as a premier institution for academic and research pursuit – thanks to our students and the supporting management, motivated faculty and staff. The college provides ample opportunities in extra-curricular activities, viz., social service programs, sports, various competitive and non-competitive cultural events, quizzes, etc. – at institutional, local, state and national levels. Every year, our students bring laurels from such events. This all-round development is necessary to make a complete professional. This is validated by the accreditation of the college by NAAC and reaccreditation by NBA as well as consecutive ranking of the college in the top Pharmacy Colleges of the country by NIRF from 2020 onwards.

Over the past two decades, I have worked as a teacher and an administrator, and I consider it as my moral duty to be the guide of every student who walks trustingly through the gates of learning. For me, there is no greater pleasure than getting to know the students and watching them grow and become the incredible people they are meant to be. It is worthy to

mention that Albert Einstein, at the approaching end of his life, when asked by a western journalist as to what life had taught him, gently replied: 'Pay the closest attention to the curiosity of a child, for in their amazing inquisitiveness may lie the astonishing key to some of the most baffling as well as enigmatic mysteries of the Universe'. It is our conviction that the intellectual, as well as the imaginative spirit of enquiry of every student should take precedence to his academic brilliance.

It gives me immense pleasure to welcome the fresh entrants of this institute who will have access to a plethora of opportunities at Dr. B. C. Roy College of Pharmacy and Allied Health Sciences, Durgapur and who will be curved into trained professionals with global reach. With the ardent support of visionary management, learned faculty, well designed teaching-learning process, excellent infrastructure, well-equipped laboratories, world-class library and IT backbone, thriving alumni, scholarship opportunities, committed Training & Placement Cell, the budding minds will have the right destination to hone themselves into successful Pharmacy professionals and responsible citizens of our great country. I welcome all new students and their parents to our college and wish them the very best in their journey with us.

Prof. (Dr.) Samir Kumar Samanta  
Principal

## VISION

To transform the institution into a global centre of learning through the application of creativity, innovativeness and discipline.

## QUALITY POLICY

We are committed to impart Quality "Education and Training" that satisfy the requirements of our students in the fields of "Engineering, Pharmacy and Management" and our aim is to be an institute of excellence in global terms in the field of quality technical education through continual improvement. We facilitate our faculty and support to update their knowledge and skill to match the dynamics of industrial and technological development.

## MISSION

- To Create an Ideal Ambience for Learning and All-Round Growth
- To Help Students Inherit Professional Ethics and Leadership Qualities, and to be Creative Agile and Confederate
- To Establish Professionalism, zeal for Higher Learning and Training & Placement as Three Core Values
- To Develop a Symbiotic Relationship between the Institution, Faculty, Society and the Community for Mutual Betterment with a Global Perspective

## PROGRAM EDUCATIONAL OBJECTIVES

- To produce Diploma, Under Graduate and Postgraduates who would have developed strong background knowledge in Pharmaceutical Sciences and ability to use these ideas in an environmentally sustainable fashion in their chosen fields of profession.
- To produce Diploma, Under Graduates and Postgraduates who would demonstrate technical competence in planning and problem analysis with the help of modern tools in the fields of Pharmaceutical Sciences
- To produce Diploma, Under Graduates and Postgraduates who would attain professional competence with self identity and Ethics through Life long Learning such as Advanced degrees, Professional Registration and other professional activities.
- To produce Diploma, Under Graduates and Postgraduates who would function effectively through unambiguous communication in various pharmaceutical fields.
- To produce Diploma, Under Graduates and Postgraduates who would be able to take individual responsibility and to work as a part of a team towards the fulfilment of both individual and organizational goals.

**NBA ACCREDITED**  
(UG Pharmacy 2023-'26)

Accreditation creates image of quality manpower output from an institute and is a process of quality assurance and improvement in the eyes of the stakeholders. A program in an approved institution is critically appraised to verify that the institute or the program continues to meet and/or exceeds the standards prescribed by the regulators from time to time. A NAAC and NBA accredited institution goes through a rigorous academic audit conducted by them to ensure that the institution meets its standards and is qualified to teach the students the programs it is offering. It is therefore, the duty of the stakeholders to check the accreditation status of the institution and make sure that it fits the needs and expectations of the students.

• **Some of the major impacts of accreditation system are summarised below :**

- Encourages quality improvement initiatives by institutions.
- Improves student enrollment both in terms of quality and quantity.
- Helps the institution in securing necessary funds.
- Enhances the employability of the graduates.
- Facilitates better recognition of degrees and mobility of technical professionals graduated from the institute.

Dr. B. C. Roy College of Pharmacy and Allied Health Sciences has twice been accredited by National Board of Accreditation (NBA), presently for period 2023-24 to 2025-26. and is also NAAC accredited (B++).

Since 2020, the Institute has been placed consistently in the National Institutional Ranking Framework (NIRF) ranking bands based on parameters that broadly cover "Teaching, Learning and Resources," "Research and Professional Practices," "Graduation Outcomes," "Outreach and Inclusivity," and "Perceptions". In 2024, Dr. B. C. Roy College of Pharmacy and Allied Health Sciences has been recognized as the 94th best pharmacy institution in the country. This is a matter of great pride that our institute holds a prestigious rank and has made a mark for itself in the field of academics in pharmacy.

## LOCATION

Dr. B. C. Roy College of Pharmacy and Allied Health Sciences is located at the distinctive location just beside sub-divisional Govt. Hospital of Durgapur city. It is in close proximity to vast knowledge application areas and resources.

Durgapur is one of the first planned kinetic industrial cities in India founded in the late 1950s by the then Chief Minister of West Bengal, Dr. Bidhan Chandra Roy. It is one of the major industrial hubs of Eastern India and is the home of some of the major public and private sector enterprises belonging to the core sectors such as iron and steel, thermal power, cement, machinery and other allied industries. In the field of higher education, National Institute of Technology (NIT, Durgapur), a CSIR research Institute (CSIR-Central Mechanical Engineering Research Institute) and research establishments have given the city a national status. The city Durgapur, less than 3 hours by train or by bus from Kolkata, scores high by way of urban comforts, civic amenities and progressive environment. It is also connected to all major metropolis of India via Kazi Nazrul Islam Airport, Durgapur.

## BCRCP CAMPUS

The institute campus is spread across one and half acres land with ample space designed for running undergraduate, post graduate and diploma courses. Along with the academic buildings, the institute has a sprawling green campus which is environment friendly, having rainwater harvesting, medicinal garden and play ground for students.

## SALIENT FEATURES

- Pollution -free, eye soothing, lush green campus
- Highly disciplined and completely ragging-free ambience
- Efficient and experienced faculty members
- Well developing infrastructure
- ICT enabled classroom & Campus
- Industry oriented teaching
- Well synchronized and streamlined schedule for lectures and examinations
- Active mentorship for holistic development.
- Special monitoring and motivational counseling for slow learners
- Special soft skill classes for professional and personal development
- Industrial visits and trainings on emerging technologies
- Adjacent ATM counter
- Internal medical unit with highly efficient medical practitioners along with a tie-up with The Mission Hospital, Durgapur

Roy College of Pharmacy and Allied Health Sciences, West Bengal received project name 'Design and development of drug-like candidates in form of biphenyl sulfonamide derivatives as FXR partial agonists for therapeutic management of non-alcoholic fatty liver disease' funded by DSTBT, West Bengal as Co-PI in collaboration with Dr.

Nilanjan Ghosh (PI), Assistant Professor, Jadavpur University, Kolkata under the memo number 2027(Sanc.)/STBT-11012(19)/6/2023-ST SEC dated 24/01/2024 in the total project cost of Rs 26,15,000/- for 3 years work.

- **Dr. Yadu Nandan Dey**, Associate Professor, BCRCP received the "Best Innovative Teacher Award" from PharmaLok during the National Pharma Summit 2023 held in New Delhi. As a Principal Investigator, Dr. Dey successfully completed the 2 years research project funded by Science and Engineering Research Board, Department of Science and Technology in January 2024.
- Our faculty, **Mrs. Puja Mishra** along with Dr. Shyamshree S S Manna and Dr. Souvik Basak received a project Grant of Rupees Five Lakhs and thirty thousand only from Department of Science Technology and Biotechnology (DSTBT, GoWB) on "Development of Pullulan based nano-medicine as dual

inhibitors of Alzheimer's disease-a special target for senile plaques".

- **Mr. Saroj Singhmura**, Assistant Professor, Department of Pharmacology won "Outstanding Paper Award" in Physiology and Medical Sciences including Forensic Sciences in 6th Regional Science & Technology Congress (Region Three) , 2023-24 held on 9th -10th January, 2024, jointly organized by Durgapur Government College, Durgapur, Paschim Burdwan and Department of Science & Technology and Biotechnology , Government of West Bengal. He also won the "Outstanding Paper Award" in the 31st West Bengal State Science & Technology congress held on 28th -29th February, 2024, Science City, Kolkata organized by Department of Science & Technology and Biotechnology, Government of West Bengal.
- Our students also actively take part in various research activities. The total number of publications by students in the past year is with highest impact factor

- **Tamal Pal**, a second-year M Pharm student, secured the second position in an oral presentation at the National Conference BCRCP NATCON organized by BCRCP on April 5th-6th, 2024.
- **Payel Ghosh**, a second-year M Pharm student, secured the second position in an oral presentation at the National Conference organized by BCDA College of Pharmacy and Technology, Kolkata, held on March 21st-22nd, 2024.
- **Subhashis Karmakar**, a third-year B. Pharm student, secured the 3rd position in the 2-day online workshop 'Bionefesto-2023' held on August 12th-13th, 2023, organized by MAKAUT.
- **Sujoy Biswas**, a third year student, got selected as a Campus Executive in E-Cell, IITB on 25th July, 2023.
- **Pankaj Saha**, M. Pharm., student has secured 1st position in a National Conference (BCRCP-NATCON 2024) on Molecule to Medicine: Current and Future Research Methodology organized by Dr. B. C. Roy College of Pharmacy and Allied Health Sciences, Durgapur, West Bengal on 5th and 6th April 2024.
- **Adarsha Dutta** (M. Pharm., Industrial Pharmacy) has secured 3rd position in a National Conference (BCRCP-NATCON 2024) on Molecule to Medicine: Current and Future Research Methodology organized by Dr. B. C. Roy College of Pharmacy and Allied Health Sciences, Durgapur, West Bengal on 5th and 6th April 2024.
- B.Pharm students also appear and qualify every year in various national level competitive examinations such as
- **Ritwim Mondal** has qualified GATE-2024 with AIR 4200,
- **Subhankar Das** has qualified CUET-2024 having total marks – 132, Neha Das has qualified CUET-2024 having total marks – 126 Sayak Mondal- 109, Siddhanta Mishra-74, Sandip Ruidas-66, Debjyoti Dey-166.
- BCRCP family is glad to announce the names of our students who could secure rank within 1000 in Graduate Pharmacy Aptitude Test (GPAT) 2024. Our B.Pharm Final Year student, Debojyoti Dey got a well deserved success by securing AIR of 27. Great result of Bubai Mohish (AIR 152), Shubhankar Das (AIR 151), Aritra Nandy (AIR 222), Bilash Patra (AIR 351), Pritam Jana- (AIR 611), and Mohan Chandra Baral (AIR 768) was celebrated.
- This year many of our students have also qualified the prestigious NIPER 2024 entrance examination for higher studies securing commendable ranks and showcasing their dedication and hardwork. The top performers are Shubhankar Das - Rank 17, Bilash Patra - Rank 117, Debjyoti Dey - Rank 141, Aritra Nandy - Rank 698, Pritam Jana - Rank 840, Ritwim Mondal - Rank 908, Bubai Mohish - Rank 922, Mohan Chandra Baral - Rank 1475, Sinchan Kumar Roy - Rank 4020, Anomita Das - Rank 4194

# INFRASTRUCTURE SUPPORT

The college provides state-of-the-art infrastructure support fulfilling all PCI norms to all its students who are our greatest resource.

## SMART CLASSROOMS

We provide well designed, well ventilated and well lit classrooms for enabling unhindered teaching and learning process with 'convenience' and 'care' as the key elements. These Class Rooms are Smart Class Rooms with Online Teaching and Lecture delivery facilities aided by Smart Boards and Projector Systems.

## LABORATORIES

BCRCP has twenty (20) well equipped spacious Departmental Laboratories for all the subjects of pharmaceutical sciences (Pharmaceutical Analysis, Pharmacognosy, Pharmaceutical Chemistry, Medicinal Chemistry, Pharmaceutics, Physiology, Microbiology and Biotechnology and Pharmacology) as per the educational regulations laid down by PCI, New Delhi as well as MAKAUT, Kolkata. Experiments are designed on the basis of theory concept so that the students can understand easily.

Amongst these, BCRCP has four dedicated PG laboratories and four PG research laboratories for specialization in different M.Pharm courses with sophisticated instruments like Dissolution Apparatus, Lyophilizer with deep freezer, Tablet Punching Machine (Ten Station). Probe Sonicator etc. and provide an ambience to create industry-friendly learning environment and also carry out M. Pharm projects smoothly and effectively.

## LANGUAGE AND SIMULATION LABORATORY

A well equipped Language Laboratory helps students weak in English to hone up their Language Communication skills under the watchful eye of a full time faculty. The Lab is an air-conditioned networked computer aided facility with dedicated software for developing language skills. A Simulation Laboratory has been developed with dedicated software for the students to carry out software based pharmacology experiments.

## ANIMAL HOUSE

BCRCP has an excellent and well maintained CPCSEA approved animal house with animals like rat, mice & rabbit . Observation room with air conditioned facilities, documentation room etc are also present. Institutional Animal Ethics Committee has been formed as per CPCSEA guidelines. The animal house is an added resource for the field of Pharmacology.

## MEDICINAL GARDEN

The institute has developed a good number of medicinal and aromatic plants in its well organized Medicinal Garden. These medicinal plants enthuse the students to identify them for demonstration as well as extraction of different kinds of drugs and also to generate an aptitude for research in Pharmacognosy and Phytochemistry. Each of our plant in the database has its own unique barcode (QR Code). These codes give students all the information they need to know about the tree -from its scientific name to its medicinal value.

## MUSEUM

A pharma museum with display of crude drug samples, photographs of medicinal plants, charts, proprietary medicines, containers, closures etc is established which is informative and educative.

**RAIN WATER HARVESTING:** The college promotes water conservation through Rain Water Harvesting and channeling the extra water to subsoil through the harvesting pit.

**WASTE MANAGEMENT EFFORTS:** Every effort is made to reduce, reuse and recycle the waste generated throughout the campus. Waste management efforts include collection and segregation of different types of waste (solid, liquid, electronic, biomedical, etc.) and its scientific disposal.

**USE OF ALTERNATE SOURCES OF ENERGY:** The college adopts energy conservation practices such as use of LED bulbs & monitors, sensors and has setup solar energy generation facilities as an alternate source of energy, which also feeds the grid with excess generation via net meter.

#### **Acharya J. C. Bose Central Library/Resource Centre:**

The Resource Centre of the college is the central library with a collection of textbooks, reference books, Journals, Periodicals, and CD ROM/DVD discs as well as an e-learning facility. The library plays a critical part in bestowing education. It is the asset center point and the resource hub for knowledge. At present, the library has a vast collection of books in volumes 16746, Titles 2031, 30 print journals (National & International), 389 e-journals through DELNET, and 527 e-journals through Infotrac Pharmacy Collection (IPC). The library has made significant stride in terms of integrating ICT and information services; the library is using Integrated Library Management Software KOHA 23.11 for its housekeeping and other activities. OPAC computerized system of ILMS is provided to the students which facilitates them to have a glance at the number of books available, number of issued books, new books added to the list which helps them to issue the correct book when required. The seating capacity of the library is around 100 with internet enabled six multi-media computers. The library is a member of the National Digital Library of India (NDLI) and DELNET. Reprography and Document scanning facility is available in the library. The library works on an open access system from 09.30 a.m. to 5.45 p.m. daily except Saturday and Sunday. (<https://bcrp.ac.in/library>)

#### **COMPUTER FACILITIES**

The college started using computers from its very inception, both in its academic and administrative activities. To cater to the computing needs to all students and faculty for their professional activities, BCRCP provides state-of-the-art computer laboratory. There are modern state-of-the-art computer laboratories for the D. Pharm, B. Pharm & M. Pharm courses within the campus for the use of faculty, students and research scholars. The large number of PCs are all connected to the high speed campus LAN. The campus LAN is connected to the Internet through 100 Mbps, 1:1 contention ratio lease line. High quality laser, inkjet & DMP printers, scanners and multimedia projectors are also available.

The B. Pharm computer laboratory is also designed to train the students in computer applications as well as to extend value added training on computer aided drug design and molecular modeling (CADD), Biostatistics, Python and AI/ML. Computer based MOOCS are also provided through SWAYAM platform of GOI.

### **ACHARYA P. C. ROY SEMINAR HALL**

The college has a fully equipped seminar hall and auditorium to conduct in-house as well as national seminars and conferences, tech fests and other college events.

### **FIRE FIGHTING ARRANGEMENT**

The institute maintains proper fire fighting arrangements to secure the well being of the students, faculty and staff members in case of any fire emergency.

### **POWER BACKUP**

Care for the Students is our main priority and to provide them with comfort during power cuts, generator facility is available.

### **ELEVATOR**

We believe in providing all state-of-the-art infrastructure support. As part of infrastructural advancement, an elevator has been installed in our campus.

### **ATM**

An ATM facility is available adjacent to the College premises to provide uninterrupted monetary supply to the students, staff, faculty of the institution as well the community nearby.

### **CCTV**

Our campus is monitored 24x7 through CCTV cameras for safety, security and discipline.

### **NETAJI OPEN AIR AUDITORIUM**

College has developed a spacious open air auditorium for the students to organize their programmes.

### **STUDENTS SAFETY INSURANCE**

Effective from July 2019, students safety insurance has been introduced from a premier insurance organization to be applicable to students from all disciplines ( Under-Graduate and Post-Graduate) Each student studying in any College under BCRC Group of Institutions are covered by the plan and College authorities absorb the premia.

### **PMBJK & HEALTHCARE FACILITY**

The institute is a pioneer in the State of West Bengal having Pradhan Mantri Bharatiya Jan Aushadhi Kendra (PMBJK) unit at college premises. Considering the noble profession pharmacy, PMBJK offers retail generic medicines at affordable prices.

The institute has a medical unit for the treatment of medical issues of inhouse students and faculty members. Our College has a MoU with The Mission Hospital, Durgapur to depute doctors to our campus as well as to tackle emergencies.

On PMBJK Week our college organized a free blood pressure and blood sugar check-up for the local residents and needy.

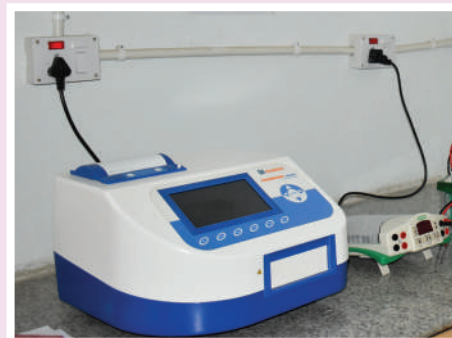

## INSTRUMENT & MACHINE ROOM

Centralized instrument room is present as an added facility to support experiments of various sorts carried out in the different laboratories. The center of attraction is HPLC, Spectrophotometer, Projection Microscope, Cooling Centrifuge, Trinocular Microscope, Elisa Reader and Washer, Recirculating Chiller, Brookfield Viscometer with small volume attachment, High precision imported pH meter, Eyla Rotavapour and Refrigerated cooling cum solvent recovery facility and Digital Plethysmometer etc., to name a few. Handling such sophisticated instruments facilitate first-hand knowledge of high-level industry instruments. Machine Room of the institute provides the facilities for pilot scale manufacturing of various pharmaceutical dosage forms, including tablets, semisolids etc.

## SCHOLARSHIP & AWARDS

The college facilitates financial assistance through:

1. Swami Vivekananda Merit cum Means Scholarship Scheme by GoWB
2. Swami Vivekananda Merit cum Means Scholarship for Minority Students By GoWB
3. Merit cum Means Scholarship Scheme for Minority Students By GoWB

## JOURNALS AND PUBLICATIONS

Pharmawave an international journal (ISSN number 2249-3425), laid its footstep in the publication forum of the scientific community in the year 2007 under patronization of Late Mr. Dulal Mitra, the then President of Dr. B. C. Roy Engineering College Society

The journal has been continuing since 2007, with active co-operation of Mr. Tarun Bhattacharya, (General Secretary of Dr. B. C Roy Engineering College Society), Prof. (Dr.) Samir Samanta (Principal, BCRC) along with all teaching and non teaching staff members. From its 5th volume, the journal is being published in both online and offline modes. So far 15 volumes of the journal have been published. The online issues of the journal are available at the journal website [bcrcppharmawave.net](http://bcrcppharmawave.net).

**VIEWPOINT:** Viewpoint is an in-house cultural magazine of BCRC. Students, faculty and non-teaching staff members voluntarily contribute their literary emotional and informative write-ups through this magazine. The magazine is multilingual as it depicts the multicultural ambience of BCRC.

## ENTREPRENEURSHIP DEVELOPMENT CELL (EDC)

- The Institute runs an Entrepreneurship Development Cell (EDC) that aims in creating awareness, impart knowledge and develop entrepreneurship skills. Entrepreneurs are essential components of the economic growth in a country, thus it is important to enhance the spirit of entrepreneurship among the technical graduates.
- Our College has been approved for the Basic and Advance Curriculum of Entrepreneurship offered by Wadhvani Foundation.
- In order to train students towards their entrepreneur journey awareness Camp on new era start up was organized by the institute sponsored by Department of Science and Technology and Biotechnology, Government of West Bengal (DSTBT, GoWB).
- In order to support prospective pharmacists in enhancing their entrepreneurial abilities, E-cell-BCRCP organizes workshops in collaboration with the Wadhvani Foundation. A range of activities are organized on a regular basis to promote this kind of entrepreneurial ability. To honor Women's Day, one such event was held on March 7, 2024. Given that the 75th Republic Day theme was "Viksit Bharat" and "Bharat: Loktantra ki Matraka," BCRCP organized a one-day seminar for aspiring social entrepreneurs, featuring Utkarsha Raj Pandhare and women entrepreneurs like Mrs. Payal Bajoria and Mrs. Krishna Sur.
- Students also take part in entrepreneurial themed competitions such as 'Narishakti', a video documentary competition about women entrepreneurs & Sharp Tank business model competition witnessed the encouraging participation from students. Apart from this, students also actively took part in a business idea of food festival organized on the occasion of College Fest. We, at BCRCP believe that encouraging students towards entrepreneurial ventures will improve their required skillset.

## AWARDS

As a mark of recognition of extraordinary merit, we offer merit awards to meritorious students.

## E-LEARNING AND INTERNET ACCESS

To focus on global vision and integration, the students are provided with 24hrs internet to have access to global content in a multitude of disciplines. To continue learning during pandemic, the College has developed a Learning Management System for students for seamless content delivery.

- As a part of Digital India Initiative, the College has become member of NDL (National Digital Library), offered by IIT, Kharagpur, where students can access huge treasure-trove of knowledge from KG to PG and beyond without incurring any additional cost. The platform is also available in mobile phones.
- The college is also offering MOOCs (Massive Online Open Courses) through SWAYAM platform of Govt. of India, to empower students and encourage them in self-paced education.
- The college has developed a fibre-optics backbone to provide very high speed data services with campus wide Wi-fi facilities in addition to Reliance JIO, Wi-fi facilities.

## SIMULATION LAB

A simulation laboratory is designed to provide immersive learning experiences for pharmacy students in the field of experimental pharmacology. The simulation laboratory consists of realistic looking physiological and pharmacological experiments, allow learners to practice and develop pharmacological expertise without any risk of animal harm. For practicing pharmacists, the professional standard requires participation in simulated practice each year to sharpen their bedside manner, as well as their pharmaceutical knowledge. It is equally important for pharmacy learners to partake in a similar simulated experience prior to working with real time. The Simulation laboratory at Dr. B. C. Roy College of Pharmacy and Allied Health Sciences has been outfitted with latest version of online Ex-Pharm Series Software that enables to deliver enough and essential training of various areas of pharmacology and pharmacy. The laboratory is designed to provide undergraduate teachers of pharmacology and related subjects with access to a wide range of electronic resources for teaching. The simulation uses statistics based on data collected for real laboratory test results, and eliminates the need for using live animals. It provides resources from a range of simulations of laboratory experiments involving isolated tissue preparations, in vivo animal preparations.

## IT CELL

In order to stay updated with the global advancements on advanced learning and research, an IT Cell has been created at the institute with specialized faculty members with the objective to teach students contemporary programming languages and to train them in subjects like machine learning, artificial intelligence and statistics with advanced tools and software. The IT cell conducts various add-on courses for undergraduate students that spans from 6 months to 1 year. Add-on courses focus on the basics of Python programming and its implementations in database management, machine learning and artificial intelligence. Another course on basic concepts on statistical methods and their applications is also offered. These add-on courses are expected to provide our students with an additional edge in careers.

# Scientific Seminars in the Academic Session 2023-2024

Various seminars, conferences and workshops are continuously organized by the institute round the year to enlighten students on various areas in the field of pharmacy. In this regard, eminent speakers from diverse fields of research, industrial experience, marketing and academics motivate students and keep them updated with the current trends in the profession. The seminars, conferences and workshops organized for the academic session 2023-24 are given below.

- Dr. B.C. Roy College of Pharmacy and Allied Health Sciences successfully organized a series of enriching seminars, workshops, and conferences during the academic year 2023-2024. These events served as pivotal platforms for fostering academic excellence, knowledge dissemination, and professional development within the fields of pharmacy and allied health sciences.

- On 14th July 2023, a seminar on "Current Research Methodology & Workforce Requirements in the Pharma Industry" was organized by BCRCP, with technical support from the BCRCP Alumni Association. The event featured Mr. Anupam Ghosh, Manager (Head Operation) at Ace Health Care (Pvt.) Ltd., Sri Lanka, and an esteemed alumnus of BCRCP, as the speaker. The seminar saw active participation from 114 attendees, contributing to its informative and engaging nature.

- On 20th July, 2023 we organized a seminar on "Role of DOE in Contemporary Research Methodology". The speaker was Dr. Biswanath Bhunia, Assistant Professor, Department of Biotechnology, NIT Agartala, Tripura (W). The seminar was attended by 135 participants, making it a highly engaging and informative session.

- On 11th August of 2023, BCRCP Alumni Association in

Collaboration with Dr. B. C. Roy College of Pharmacy & AHS, Durgapur organized a seminar on "Trending Career Opportunities, Entrepreneurship & Upskilling for the Industry: The Pharma Way". The distinguished speakers included Mr. Soumya Ranjan Padhy, Senior Director, Pharmacovigilance Safety Operations, Parexel International, Hyderabad, Telangana, Mr. Kunal Mukherjee, MD & CEO, Emsurg Group of Companies and Mr. Amit kumar Sharma, Site Quality Head, Lupin Ltd, Sikkim. A total of 129 students actively participating, the seminar was a resounding success, providing valuable knowledge and inspiration to future industry professionals.

## BCRCP NATCON-2024

- A National Conference organized by Dr. B. C. Roy College of Pharmacy & AHS, Durgapur, WB was held on 5-6th April, 2024 named BCRCP NATCON-2024 with the participation of 19 Colleges including BCRCP and 215 registered participants across the country.

- Eminent speakers such as Prof. V. Ravichandiran, Director, NIPER, Kolkata, Dr. Chinmoy Patra, Scientist E, Agharkar Research Institute, Pune, Maharashtra, India, Dr. Partha Mukherjee, Senior Project Leader, Chembiotech, India, Mr. Bedadyuti Chakraborty, Director- RxCella, Hyderabad, Prof. Sanmoy Karmakar, Professor and Ex-HOD, Department of Pharmaceutical Technology, Jadavpur University, Kolkata graced the conference with their enriched scientific talks.

- In addition, 17 session chairpersons from 12 organizations were present. Students across the country presented their research both by oral and poster presentations and selected candidates were chosen for accolades and awards for their achievements.

## AFFILIATIONS, APPROVALS AND ACCREDITATIONS

- Affiliated to Maulana Abul Kalam Azad University of Technology (MAKAUT), West Bengal (formerly WBUT) and West Bengal State Council of Technical and Vocational Education and Skill Development (WBCTE & VE & SD)
- Approved by Pharmacy Council of India, New Delhi
- NAAC Accredited with B++ (2022-2027)
- NBA Accredited for UG Pharmacy (2023-2026)
- Recognized by Department of Higher Education, Government of West Bengal and Dept. of Technical Education.

## AWARD OF DEGREE

B. Pharm and M. Pharm degrees are awarded to the successful candidates during the convocation of the Maulana Abul Kalam Azad University of Technology (MAKAUT), West Bengal (formerly WBUT). D.Pharm degree is awarded by WBSCT & VE & SD

## ACADEMIC YEAR

Each academic year, 1st July of current to 30th June of the following year, is sub-divided into odd and even semesters (as per University published academic calendar). At the end of each semester university examinations are held and semester grade point averages are awarded by the university. For Diploma Courses, yearly exams are held.

## DEGREES OFFERED

- D. Pharm
- B. Pharm
- M. Pharm (Pharmaceutics)
- M. Pharm (Pharmacology)
- M. Pharm (Industrial Pharmacy)
- M. Pharm (Pharma Analysis)

### DIPLOMA IN PHARMACY (D. PHARM)

The program has been designed to provide technical education and skill to enable the students to work competently as health care professionals in the industry, hospital and retail sector. The course will prepare a strong foundation for the candidates to work in the hospital sector where they play a very important role in efficient handling of medicines, inventory management, preparation of hospital formulary and assisting the physicians in patient care. Pursuance of the course will open up opportunities for studying B. Pharm via lateral entry in the 2nd year.

### BACHELOR OF PHARMACY (B. PHARM)

The programme has been designed to integrate the teaching of basic science along with the practice of pharmacy. The course emphasizes the importance of theoretical study, laboratory experiments and also of interdisciplinary communication and research. On the whole, it prepares a strong base for candidates who opt for higher study and research programme in the study of medicines.

### MASTER OF PHARMACY (M. PHARM)

M. Pharm is a future oriented specialization programme in the field of pharmacy. It is designed for successful B. Pharm candidates to develop advanced laboratory skills and techniques for application within the pharmaceutical industry as well as spearhead innovative research ideas for further development. In short, it is a gateway for further higher studies to trigger constant up-gradation and rapid progress of pharmaceutical technology.

The four major departments offering M. Pharm are:

- PHARMACEUTICS deals primarily with extended study on drug dosage formulation, drug release pattern, kinetics study, bio-equivalence study and many more.
- PHARMACOLOGY deals with drug action in the biological system as well as check up the toxicity level of drug in the biological system.
- INDUSTRIAL PHARMACY deals with studying all unit operations involved in drug delivery manufacturing, scale up, processing and development of drug delivery systems and dosage forms at the industrial level.
- PHARMACEUTICAL ANALYSIS deals with the process for identification, determination, quantification and purification of a substance, separation of the components of a solution or mixture, or determination of structure of chemical compounds.

# SOCIAL RESPONSIBILITY

The institute has an active National Service Scheme (NSS) Wing which has been highly active in carrying out social activities since many years and is recognized by the MAKAUT, West Bengal. Some of the social activities conducted in the institute are tree plantation program, winter cloth donation drive to the needy of the nearby locality, Blood Donation Camp, Free Health check-up camp for the needy, activities with NGO, celebration of Janaushadhi Diwas through free blood sugar and blood pressure check-up camp and collection of plastic waste on the occasion of World Environment Day.

In addition, NSS volunteers are also trained through various awareness programs such as Zero discrimination Day, Celebration of World Peace Day, Unity Run on the occasion of Rashtriya Ekta Diwas, observance of World AIDS Day, National Youth Day and likewise. It is through the NSS Wing that institute aims to create awareness among students the concept of NSS “Not Me, But You” which is reflective of the essence of democratic living and upholds the need for self-less service since a larger aspect of the Pharmacy profession is community service.

## LINKS WITH INDUSTRY AND ACADEMIA

- Dr. B.C. Roy College of Pharmacy and Allied Health Sciences takes pride in its strong and dynamic connections with both industry and academia, creating a vibrant environment for innovation, practical learning, and professional growth.
- We are committed to providing our students with the best possible training opportunities, ensuring they are well-equipped to meet the challenges of the pharmaceutical industry and contribute to advancing healthcare.
- Here at BCRCP we facilitate training programme for B. Pharm students in various reputed industries like Cipla, Alkem Laboratories, Dr. Reddy's lab, Aristo Pharma, Glenmark Pharmaceuticals, Sun Pharma, Ajanta Pharma, Hetero Health care, Micro Lab, Fresenius Kabi Oncology, Albert David, Gluconate Health and many others.

# Industrial Visit

Dr. B.C. Roy College of Pharmacy and Allied Health Sciences organizes industrial visits as an integral part of its curriculum for diploma students. These visits are meticulously planned to provide students with practical exposure and firsthand experience in real-world industrial settings relevant to pharmaceutical and allied health sciences.

## Vocational Industrial Training

Dr. B.C. Roy College of Pharmacy and Allied Health Sciences emphasizes practical vocational training to ensure students are well-prepared for careers in the pharmaceutical and healthcare industries. This year, students have gone for training with several prominent companies such as Albert David, Cipla, East India Pharmaceutical Works, Union Drugs, Alkem Laboratories, Dr. Reddy's Laboratories, Aristo Pharma, Glenmark Pharmaceuticals, Sun Pharma, Ajanta Pharma, Hetero Healthcare, Micro Labs, Fresenius Kabi Oncology, Albert David, Gluconate Health, Medreich Limited, Akums Drugs & Pharmaceuticals Ltd.

# MoU WTH SHRM BIOTECH

Dr. B.C. Roy College of Pharmacy and Allied Health Sciences has established a strategic Memorandum of Understanding (MOU) with SHRM Biotech. This collaboration offers our students invaluable industrial training opportunities on a charge basis, providing practical, hands-on experience in real-world settings.

In partnership with SHRM Biotech and LSSSDC, we offer specialized joint certification courses aimed at enhancing the qualifications and employability of our students. These courses are meticulously designed to impart industry-relevant skills and knowledge essential for thriving in the pharmaceutical and allied health sectors. Our college actively participates in collaborative R&D projects with SHRM Biotech and LSSSDC. These projects are dedicated to fostering innovation and advancing research in critical areas of pharmacy.

# MoU WTH NIPER, KOLKATA

A MOU has been signed between NIPER, Kolkata, and Dr. B.C. Roy College of Pharmacy & Allied Health Sciences, Durgapur based on the following terms:

- Both the institutes agreed to mutually collaborate on certain projects whose scientific acumen would be performed in BCRC and necessary high-end infrastructures as well as instrumental facilities would be provided by NIPER, Kolkata.
- Students can visit labs in both institutes if required.
- Both institutes may apply jointly for collaborative project funds to various sponsoring authorities.

# ADMISSION

## ADMISSION PROCEDURE FOR D. PHARM

The candidate have to qualify the Pharmacy entrance test (PET) conducted by WBSCT&VE&SD

## ELIGIBILITY CRITERIA

Candidate should have passed Higher Secondary (10+2) or its equivalent examination in General Stream Course with Physics, Chemistry & Biology or Mathematics. Candidates passed Higher Secondary (10+2) examination or equivalent examination in Vocational Stream Courses are not eligible for admission, as per prescribed admission

eligibility of Pharmacy Council of India. Candidate shall complete the age of 17 years on or before 31st December of the year for admission to the Pharmacy Course.

## ADMISSION PROCEDURE FOR B. PHARM

The candidate will have to qualify West Bengal Joint Entrance (WBJEE) or JEE (Mains). 80% of the entrants are absorbed from the West Bengal Joint Entrance Examination (WBJEE) and 10% students are admitted from JEE(Mains) merit list. (10% of the total seats reserved for Management Quota, 6% ST, 5%TFW & 10% EWS [supernumerary])

## ELIGIBILITY CRITERIA

The candidate must be a citizen of India and must have passed the H.S. (10+2) or its equivalent examination from a recognized Council/Board with:

- Candidate must have passed '10+2' examination with Physics and Chemistry along with any one of Mathematics / Biology as compulsory subjects with individual pass marks (in both theory and practical wherever applicable) in all the three subjects as stated above in regular class mode.
- Must have obtained at least 45% marks (40% in case of candidates belonging to reserved category) in the above three subjects taken together.

## INSTITUTIONAL BEST PRACTICES

- The institute follows Best Practices such as Training, Placement & Entrepreneurship drive with the objective of educating and training them to make them industry / job ready, act as a conduit between prospective employers and the Institute, support students achieve hands-on live industrial / hospital training & Internships, create opportunities for students to get employment, create a mechanism where business houses can intimate their human resource needs to the students and the college can prepare students according to their requirements, act as a facilitator in fulfilling the students' job aspirations, thereby contributing to attainment of Institutional mission and addition of skilled manpower of the society.
- The institute also empowers students to become future job creators through Entrepreneurship via institute and E-Cell which tries to inculcate the spirit and skills of entrepreneurship to make the students future job creators.
- Another best Practice is an effective Mentor-Mentee System. Mentors are assigned to students upon admission at a ratio of 1 mentor to 20 mentees. Mentees are introduced to their mentors during the Induction Program. This system helps to build bridges between the mentor and the mentee, monitor the academic and co-curricular performance of the students, support students for their holistic development, enable support and professional learning environment, stimulate, inspire and guide students for higher learning and competitive examinations in

higher studies and employment, support students in psychological, health, personal and other related issues with empathy, be a single point of contact for parents for their wards' progression and enable a congenial and harmonious environment for the academic and professional development of the college. Overall, the Mentor-Mentee system enables a holistic development of the mentee and life-long bonding is supposed to evolve between mentor and mentee to enable a congenial and harmonious learning environment at the college.

# BARRIER FREE ENVIRONMENT

## **POLICY FOR PERSONS WITH DISABILITIES [DIVYANGJAN]**

- Rights of Persons with Disabilities Act, 2016 of the United Nations General Assembly prohibits discrimination against individuals with physical and mental disabilities. Dr. B. C. Roy College of Pharmacy and Allied Health Sciences (BCRCP) is against all kinds of discrimination on any grounds including disability. BCRCP likes to implement a comprehensive and inclusive teaching and learning environment in which debilitated students and employees are not upset or treated harshly. The institute intends to design its administrations, curriculum delivery and activities accessible to the students. These guidelines apply to the College Management, Faculty and Staff.

## **RIGHTS AND ENTITLEMENTS**

- The Administration shall ensure that the persons with disabilities enjoy the right to equality, life with dignity and respect for his or her integrity equally with others.
- The Authorities shall take steps to utilize the capacity of persons with disabilities by providing appropriate environment.

# TRAINING & PLACEMENT CELL OF BCRCP

Students are encouraged to seek the opportunities and enhance their learning experience with a practical knowledge. The Career Centre provides a platform for the students and the companies as well so that the collaboration is mutually beneficial.

Once a student enters this College, the Institution takes the entire responsibility to develop that individual into a personality. The students are overwhelmed with the opportunities they are provided with. BCRCP believes in enhancing its students through dedicated concentration on each and every student and sees to that everyone enhances their talents with the opportunities they are provided with.

Once the placement season commences, one can feel the vibrant environment on the campus. We leave no stone unturned, to place our students.

## We focus on the following lines to optimize results:

- Stress on development of soft skills in addition to in-depth technical knowledge.
- Training on presentation skill, Group Discussions & Personal Interview.
- Arrange Summer Trainings.
- Arrange On Campus, Off Campus & Pooled Campus on continuous basis from the end of 7th semester.
