IMPORTANT NOTICE / PUBLIC DECLARATION

Regarding Non-Availability of College Name in the Digi-PHARMed / PRTS Portal

Dr. B C Roy College of Pharmacy and Allied Health Sciences, Durgapur (PCI-551) hereby informs all its **pass-out students/alumni** that the College has taken cognizance of a serious technical issue being faced by several of its former students while updating their **PRTS/Pharmacist Profile for HPR Registration**.

As per the recent directions of the **Pharmacy Council of India (PCI)** regarding integration of the Digi-PHARMed/PRTS system with the **Healthcare Professional Registry (HPR)**, pharmacists are required to complete and validate their professional profiles, including their educational and current employment details.

However, it has been brought to the notice of the College that **“Dr. B C Roy College of Pharmacy and Allied Health Sciences, Durgapur (PCI-551)”** is **presently not appearing in the relevant College/Institution dropdown list** on the portal. As a result, our eligible pass-out students are unable to select their actual institution while completing/updating their profiles.

Serious Concern for Alumni in Teaching Profession

The issue is particularly concerning for our alumni who are presently employed as **faculty members/teachers in pharmacy institutions**. Some affected alumni have reported that their employers are seeking completion of the HPR-related formalities.

The College considers it important to clarify that the inability of such students to complete their profile is **arising from the non-availability of the College name in the portal dropdown and is not due to any omission or failure on the part of the concerned alumni**.

The PCI User Manual requires users to update their educational and working details after registration and specifically provides for submission of correct qualification, registration and current-work information.

Action Taken by the College

In view of the seriousness of the matter, the College has **formally communicated the issue to the Hon'ble President, Pharmacy Council of India**, requesting urgent intervention for:

- inclusion of **Dr. B C Roy College of Pharmacy and Allied Health Sciences, Durgapur (PCI-551)** in the relevant institutional dropdown;
- enabling our pass-out students to correctly update their PRTS/Pharmacist Profiles;
- providing an alternative mechanism for affected candidates until the technical issue is resolved; and
- ensuring that eligible pharmacy graduates, particularly those already employed in the teaching profession, **do not suffer adverse employment consequences due to a portal-related technical problem beyond their control.**

The PCI User Manual also provides that, following profile submission, the profile is processed for verification by the concerned State Pharmacy Council.

Advice to Our Alumni

All affected alumni are advised to:

1. **Not select an incorrect college/institution merely to complete the portal process.**
2. Preserve screenshots of the portal showing the non-availability of the College name, wherever applicable.
3. Keep their relevant academic, registration and employment documents ready.
4. Continue to attempt the profile-updation process after any corrective action by the concerned authorities.
5. Keep themselves updated through official communications from the College and the concerned regulatory authorities.

The College is actively pursuing the matter with the concerned authority and shall communicate further developments to the alumni through the **official College website**.

This declaration is issued in the interest of our students/alumni and to place on record that the College is aware of the issue and has taken appropriate steps for its resolution.
